Leader of the County Council - Paul Carter
Published by Democratic Services

This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

FORWARD PLAN OF DECISIONS

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website.

<p>Title:</p> <p>19/00035 - New Multiagency Local Safeguarding Arrangements and Child Death Review Arrangements</p> <p>The Decision needed:</p> <p>Background information:</p>

Under the Children Act 2004, as amended by the Children and Social Work Act 2017, LSCBs, set up by local authorities, will be replaced. Under the new legislation, the three safeguarding partners (local authorities, chief officers of police, and clinical commissioning groups) must make arrangements to work together with relevant agencies (as they consider appropriate) to safeguard and protect the welfare of children in the area. The child death review partners (local authorities and clinical commissioning groups) must set up child death review arrangements.

The Working Together 2018 statutory guidance, defines new responsibilities with regard to safeguarding children placed on the three safeguarding partners. The responsibility for this join-up arrangements locally rests with the three safeguarding partners who have a “shared and equal duty” to make arrangements to work together to safeguard and promote the welfare of all children in a local area.

The new Kent Children’s Safeguarding Partnership has been developed to deliver the statutory requirements and associated revised mandatory guidance. This partnership will be led by the delegated leaders from each of the safeguarding partners and seeks to safeguard children and promote their welfare. The new partnership will further develop processes to hear the voice of children and their families about what have to say about the services they receive, engage relevant agencies in the safeguarding system and review and improve local practice and better understand local conditions.

The proposed decision supports the Strategic Outcome 1 - Children and young people in Kent get the best start in life in e proposed decision meets the objectives of ‘Increasing Opportunities, Improving Outcomes: Kent County Council’s Strategic Statement (2015-2020)’.

Title:

19/00037 - New St Andrew's Primary Free School Contract Approval

The Decision needed:

Background:

In July 2016 the Department for Education approved a Wave 11 bid proposed by the Tenax Trust to establish the St Andrew's Primary Free School at Paddock Wood, Tunbridge Wells. The proposed new school will have the capacity for 420 pupils (2 FE) from reception to year 6. The bid also included an estimated 60 nursery places. The Education and Skills Funding Agency (ESFA) is responsible for funding the delivery of the new school.

The ESFA has appointed KCC to act as the Local Delivery Agent (Responsible Body), with Gen2 acting as KCC's Agent. As the Responsible Body, KCC will commit to procuring and delivering the scheme and will be the contracting authority for the purpose of the scheme. As the Responsible Body KCC is also responsible for compliance with all relevant statutory obligations and is required to secure any statutory approvals required to deliver the scheme.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to agree to:

- a) Authorise the Director of Infrastructure, in consultation with General Counsel, to enter into any necessary contracts/agreements on behalf of the County Council;
- b) Authorise the Director of Infrastructure to ensure that the appropriate level of funding is received from the Education Funding Agency to cover the costs of these projects to ensure the Kent County Council does not incur any unforeseen costs; and
- c) Authorise the Director of Infrastructure to be the nominated Authority Representative within the relevant contracts/agreements and to enter into variations as envisaged under the contract terms.

Title:

19/00038 - Increase in the age range and the designated number at Oakley School, Tunbridge Wells

The Decision needed:

Background:

Oakley School is the PSCN school for Tunbridge Wells. Its designated age range is 2-18 years. All other PSCN schools in Kent are designated up to age 19 years (ie include Year 14 - young people who turn 19 during the academic year). Oakley School has established a separate company which is an Independent Specialist College (Oakley College) for young adults aged 19-25 years. This takes young people who are aged 19 (i.e. Year 15). The anomaly of Oakley being the sole PSCN school without provision for Year 14 and the fact pupils have a one-year gap before they can enter Oakley College needs to be addressed.

Proposed Decision:

Increase the age range of Oakley School, Tunbridge Wells from 2-18 to 2-19 and increase the designated number from 242-252 places.

Reference No: KCC has a duty to consult on and publish its Post 16 Transport Policy Statement each year. Whilst there is no statutory duty to provide transport for Post 16 Learners there is a duty to consider applications for assistance with transport and to enable access to education. The transport policy sets out how KCC will meet this duty and what learners in special circumstances can expect by way of support.

19/00017 - Post 16 Transport Policy 2019-20

The Decision needed:

There is a legal requirement for post 16 learners to stay in education, training or work-based learning until they reach 18 years of age, and as young adults there is an expectation they will contribute to the cost of their travel in most circumstances. Whilst KCC is not directly funded to support any transport requirements for learners over the age of 16, KCC has made significant financial commitments to Post 16 Transport. There are no planned changes to the Post 16 Transport Policy Statement or this commitment for the 2019/20 academic year. KCC's primary method of meeting its obligation in regard to Post 16 Transport will be through the continued subsidy of the 16+ Travel Saver.

Over £5.4million is spent on 16+ Transport and whilst income from the 16+ Travel Card is just over £1.7million, KCC subsidises Post 16 Travel by an estimated £3,689,800. KCC subsidises approximately 68% of the overall cost of Post 16 Transport, ensuring learners can access their schools and colleges. Your views are therefore important to us and will help KCC Members in making policy decisions about how best to use such funding.

Title:

19/00023 - Proposal to enlarge The Maplesden Noakes School

The Decision needed:

Background:

The Commissioning Plan for Education Provision in Kent 2019-2023 sets out how we will carry out our responsibility for ensuring there are sufficient places of high quality, in the right places, for all learners and this proposal supports that aim to provide sufficient places where they are needed.

This proposal will help to secure our ambition “to ensure that Kent’s young people have access to the education, work and skills opportunities necessary to support Kent business to grow and be increasingly competitive in the national and international economy” as set out in ‘Increasing Opportunities, Improving Outcomes: Kent County Council’s Strategic Statement (2015 2020)’.

The Commissioning Plan forecasts indicate a growing demand for Year 7 places in Maidstone from the start of the 2019-20 academic year. The Maidstone Non-Selective Planning Group is forecast to have a deficit of 132 Year 7 places from 2019-20 that increases to a deficit of 365 places by the end of the Commissioning Plan period. This represents significant medium-term pressure for additional Year 7 places, which could not reasonably be met by a Free School in central Maidstone or via additional temporary provision.

Proposed Decision:

The Cabinet Member for Children, Young People and Education is asked to:

- i. Enlarge The Maplesden Noakes School, Buckland Road, Maidstone, Kent, ME16 0TJ, by increasing the published admission number (PAN) from 180 places to 240 places from September 2021.
- ii. Allocate 6.0 million from the Basic Need budget to fund the permanent expansion of The Maplesden Noakes School.
- iii. Authorise the Director of Infrastructure in consultation with General Counsel to enter into any necessary contracts/ agreements on behalf of the County Council.
- iv. Authorise the Director of Infrastructure to be the nominated Authority Representative within the relevant agreements and to enter into variations as envisaged under the contracts.

19/00024 - The proposed change of age range of Stone Bay (Community Special) School from 8-19 years to 5-19 years

The Decision needed:

Background Information:

The age-range of Stone Bay (Community Special) School changed from 11-19 years to 8-19 years from September 2017 with the introduction of KS2 classes. The school together with KCC now wish to extend the provision to include all of KS2 (from age 7) and KS1 (from age 5) in order to meet local demand.

Options:

The Headteacher and Governing Body fully support the proposal and feel very strongly that there is a need for a KS1 class in Stone Bay School as other special schools in the area are at capacity. Stone Bay is a specialist provision that provides for children who have a diagnosed autistic spectrum disorder, profound, severe and complex needs and additional comorbidities.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to:

- I. issue a public notice to permanently change the age range of the school; and
- II. subject to no objections being received to the public notice, change the age range from 8-19 years to 5-19 years in order to provide KS1 places to help with the demand for specialist places for pupils at KS1.

At the end of the consultation period, a report will be provided for the Children’s, Young People and Education Cabinet Committee on the outcome of the consultation. Because of the timescale involved to enable the school to establish a KS1 class from September 2019 (if agreed), the public notice would need to be published at the end of April/beginning of May. Therefore, the decision will need to be taken by the Cabinet Member in April, outside of Committee Meeting.

A report with details of the proposal and statutory timeline for consultation will be provided for the Children’s, Young People and Education Cabinet Committee meeting on 28 March 2019.

19/00025 - Increase in the designated number at The Beacon Folkestone

The Decision needed:

Background Information:

The Beacon Folkestone is an outstanding special school in Folkestone, designated to accommodate 336 pupils with Profound, Severe and Complex Needs. As of January 2019, it had 369 pupils on roll. As part of the proposal The Beacon Folkestone intend to locate a satellite class at Castle Hill Community Primary School for up to 10 Key Stage 2 children. This will open from September 2019 within accommodation presently available.

Legislation requires that statutory proposals are undertaken where the number of pupils on roll of a special school exceeds its designated number by more than 10%. Therefore, we are proposing to increase the designated number to 380, to regularise the current position and to increase the number of places available.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to agree to increasing the designated number of The Beacon Folkestone from 336 to 380 places and as part of this proposal open a satellite class of The Beacon Folkestone at Castle Hill Community Primary School.

19/00026 - A Proposal to permanently expand the Secondary provision at Saint George's Church of England School, Gravesend, from a PAN of 180 to 210 for September 2020.

The Decision needed:

Background Information:

The Gravesham district section of the Kent Commissioning Plan for Education Provision 2019-23 has identified pressure for Year 7 places in the Gravesham area. The Commissioning Plan identified a need to provide up to 90 additional places in the planning area from September 2019., with further forms of entry required to come online over the next 4-5 years. The expansion of Saint George's Church of England School supports the increases required in future years.

For 2020, the school will be able to accommodate an additional 30 year 7 places, but for 2021, permanent building works will be required to ensure an increased cohort can continue to be accommodated.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to agree to:

- a) allocate £2.6m from the Children, Young People and Education Capital Budget, to fund any necessary additional works or variations to accommodation; and
- b) authorise the Director of Infrastructure in consultation with the General Counsel to enter into any necessary contracts/ agreements on behalf of the County Council.

The School has already been successful in securing CIF funding from the ESFA for the demolition of a teaching block on the school site. The ESFA have now agreed to vary the scheme to enable this expansion to proceed.

Therefore, the CIF funding of £3.7m will be combined with the KCC contribution of £2.6 million to meet the anticipated scheme cost of £6.3 million.

Title:
19/0028 - Expansion of Palmarsh Primary School

The Decision needed:
Background Information:

In January 2017 permission was agreed to release £2,200,000 from the Education and Young People's Services Capital budget to enable Palmarsh Primary School to expand to 1FE. It was understood that this would be the first phase of a gradual expansion to 2FE.

The first phase of the expansion would provide 3 new classrooms, a new entrance off Jubilee Close, offices and car parking with further classrooms being added in later phases.

Planning permission for the first phase of the expansion has been achieved. However, in order to secure the said planning permission significant adaptations needed to be made increasing the capital costs to £2,600,000.

Options:

Consideration has been given as to how we can scale back the first phase of the expansion plans, ensuring there is: is sufficient high quality classroom space for the school to expand to 1FE; provision of a new entrance off Jubilee Close; increased car parking and the completion of agreed s278 works.

Sufficient classroom space could be achieved via the removal of an old mobile classroom and replacing this with a new two classroom mobile unit. The new offices and permanent classrooms could be delivered in a later phases as an when there is a need for second FE of provision. The total

costs for the mobile classrooms, new entrance off Jubilee Close, car parking and s278 works would be in the region of £700,000.

A variation to the present planning permission will be required if this was to proceed.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to release £625,000 of the £2,200,000 already agreed from the Children, Young People and Education Capital budget to expand Palmarsh Primary School to 1FE.

£1,200,000 has been secured in developer contributions of which £887,000 has been paid so far. The estimated costs for the mobile classrooms, new entrance, carparking and s278 works would be in the region of £700,000. The School will put the £75,000 towards this from their capital funding with the rest

coming from the Children, Young People and Education Capital budget. The School will receive increased funding through the Delegated Budget. The rising roles will be protected in line with KCC Growth Funding Policy. Revenue funding will also be allocated to enable the School to resource one of the classrooms. 19/00029 - Expansion of Sellindge Primary School

The Decision needed:

Background Information:

In 2016 it was agreed that Sellindge Primary School would be expanded by 0.5FE taking the school to 1FE. This was due to a new housing development of 250 homes opposite Sellindge Primary School. The developer committed to provide additional land for the School to enable the building to expand, plus £836K in financial contributions.

Since the paper was presented, further development in the Village has been consented which will require the school to expand further in order to ensure sufficient primary places. This development is to provide £528,000 towards the expansion. Additionally, the school is close to the proposed garden town of Otterpool Park (10,000 homes). If consented, the school is likely to be the only option for expansion to support the schooling needs of this community ahead of any school being built. The school is likely, therefore, to need to be expanded to 2FE in the future.

Options:

In order to meet the anticipated future demands and to secure best value for money it is proposed that the School is expanded in 2 phases. First through the provision of six classes. Second, the creation of a second storey of six class on top of the first phase. This would take the School to 2FE.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to release £1,400,000 from the Children’s, Young People and Education

Capital budget to enable a six-classroom block to be added to Sellindge Primary School.

The decision was subject to planning permission being obtained. The expansion of the school was intended to add capacity and address the need for places as forecast in the 2017-21 Commissioning Plan for Education Provision in Kent, together with demand from consented housing developments.</p> <p>In April 2018 a decision was taken to delay the expansion of the school and the associated change in published admissions number until September 2020. This was due to less demand for primary places than previously forecast. Forecasts now suggest that there will be sufficient primary school places throughout the forecast period (2019-20 to 2022-23). 19/00033 - Increase in the designated number of specialist places at Whitfield Aspen Primary School

The Decision needed:

Background Information:

In 2016 it was agreed that Whitfield Aspen Primary School would be expanded

by 1FE taking the school to 3FE across two sites. Ultimately the school will expand to 4FE. This was to support new housing within the Whitfield Urban Expansion.

Whitfield Aspen Primary School hosts a specialist resource provision (SRP) for pupils with Profound, Severe and Complex Needs (PSCN). It is the sole provision for primary aged pupils of this need type in the District. As part of the 2016 proposal, it was agreed to increase the designated number to 96 places. Since that time further places have been commissioned to support the demand for primary PSCN provision across the District. As of January 2019, there were 110 pupils on roll in SRP. We now need to regularise the current position and increase the designated number to 112 in order to comply with legislation.

There is sufficient classroom space to accommodate the pupils within the present main site, and once opened, the satellite site.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to issue a public notice to increase the designated number of the Specialist Resource Provision at Whitfield Aspen Primary School (Dover) from 96 to 112 places.

19/00034 - Establishment of a New Special Free School on The Isle of Sheppey (successful bid to DfE in Wave14)

The Decision needed:

Background Information:

A new proposed Special Free School will provide 120 places for Secondary aged pupils with Social, Emotional and Mental Health difficulties with ASD and will help to secure our ambition "to ensure that Kent's young people have access to the education, work and skills opportunities necessary to support business to grow and be increasingly competitive in the national and international economy" as set out in 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)'.

The Commissioning Plan for Education Provision in Kent 2019-23 sets out how we will carry out our responsibility for ensuring there are sufficient places of high quality, in the right places, for all learners and this proposed new Special Free School supports that aim to provide sufficient places where they are needed.

KCC's SEND Strategy 2017-2019 includes the aims to:

- Have a well-planned continuum of provision from birth to aged 25 that meets the needs of children and young people with SEND and their families.
- Improve transition planning.

KCC have been successful in their bid to the DfE through a wave 14 application for funding for a new special free school on the Isle of Sheppey.

Currently there is no special school on the Isle of Sheppey, therefore students requiring a special school place are transported off the island to a combination of maintained special school provision in Maidstone and Sittingbourne and costly independent provision. A new secondary special free school on the Isle of Sheppey will substantially reduce costs of SEN transport and independent provision.

Proposed Decision:

The Cabinet Member for Children, Young People and Education is asked to agree that a Free School Presumption Competition process can commence, for a new Special Free School on the Isle of Sheppey.

Local authorities have a legal obligation to support the work of Coroners, to fund all the costs of the service and to provide the necessary resources to enable them to carry out their statutory obligations under the Coroners and Justice Act 2009. Title:

19/00018 - Coroners Removal and Transfer Contracts

The Decision needed:

To award contracts to Funeral Service Providers for the removal and transfer of deceased persons to hospital mortuaries pending further investigation by the Coroner, or for a post mortem to take place to establish the cause of death.

Background Information:

The removal of bodies is a business-critical function, a statutory responsibility and, importantly should it fail it has a high risk of reputational damage to KCC, Medway Council and the Kent and Medway Senior Coroners.

The Coroner may decide that a suitable practitioner is required (normally a Pathologist) to examine the body and carry out a post mortem examination to help find the cause of death. In such cases the body needs to be transported from where it is lying to a designated mortuary pending further enquiries being made, or to hold a post mortem examination. This movement of the body constitutes a 'Coroner's removal'.

In some cases, it is necessary to transfer the deceased from a designated mortuary to another designated mortuary either within Kent and Medway or outside Kent to more specialised mortuaries for example to London (child deaths) or Brighton (infectious cases). These are more commonly known as a 'Coroner's Transfer'.

The providers are required to perform the following services:

- **24 hours a day, 365 days of the year;**
- **For a coroner's removal to be at the place of death within 1 hour of being directed to attend by Kent County Constabulary;**
- **For a transfer, to have completed it within 48 hours of being directed to do so by a Coroner's Officer;**
- **Bodies that require removal include deaths in the community and in hospitals without a designated post mortem facility and including open spaces, difficult locations, houses, care homes, public highway, railway or water.**

Historically Coroner's removals have been completed by firms of funeral directors who have the necessary vehicles, staff and professional expertise to provide the service. Nationally, in a very few instances the service is provided in-house by local authorities which have their own public mortuary but that is not the case in Kent and Medway.

The current contracts expire on the 22nd May 2019 and following a competitive tendering process we are able to award new contracts from the 23rd May 2019. These will be for 3 years and include the option to extend by two 12-month terms up to a maximum of 5 years in total.

Historically providers have either fully or partially subsidised the service. 19/00021 - Young Persons Travel Pass Changes

The Decision needed:
Proposed Decision is to:

- reduce the subsidy to the standard YPTP pass by £60;
- introduce an option to pay by instalments, the costs of which to be funded by the charging of a modest £10 administration fee;
- maintain the cost of the pass to students from low income families at £100;
- maintain the provision of free passes to those in care and care leavers; and
- maintain the current offer that those families purchasing more than two standard cost passes will only pay for the first two

The Young Persons Travel Pass (YPTP) is a discretionary scheme, providing subsidised bus travel for Kent students in years 7 to 11. The scheme, which is accessed by 24,000 students, has been reviewed in light of funding and demand pressures.

It is proposed that from the 2019/20 academic year there will be a reduction in subsidy of £60 for those who purchase a standard pass. This reduction in subsidy will reduce the net cost to KCC by £800K.

There will be no changes to the current offer in respect of:

- Students from low income families, (defined as those receiving free school meals) where the cost of the pass will remain at £100.
- The provision of free passes to those in care, care leavers and Catch 22.
- The current offer that those families purchasing more than two standard cost passes, will only pay for the first two.

Current yearly or half yearly payment options are proposed to be replaced with an annual or instalments option. For families opting for instalments, an annual pass will be issued with payments spread over 8 months if applying in June/July, and pro-rata for those who apply later. An administration charge will apply for instalment payments, with the exception for families on low incomes.

The scheme directly links to the strategic outcome of Children and Young People in Kent get the best start in life. In continuing to provide subsidised travel, parents, who would not qualify for free home to school transport will have the opportunity to select schools which meet the needs of their children, rather than just on locality.

The Decision needed:

Proposed Decision:

To change the 0-19 (and up to 25) non-statutory children's services district governance arrangements by establishing a KCC Member Chaired Local Children's Partnership Group, building on the strengths of the existing groups and for the existing YAGs and DABs to retain their age-specific specialisms and engagement with young people and parents through bi-annual conversations, which will feed into the LCPGs.

Reason if Key Decision

It is not expected that the proposed changes to district governance structures for 0-19 (and up to 25) non-statutory children's services will have a negative impact on direct service delivery. However, the Equalities Impact Assessment has been completed, as an appendix to the Proposals Report, to be presented to CYPE Cabinet Committee in January 2019.

Reason if this decision has been delayed/withdrawn from a previous plan**Section 3 – – Who is to be consulted, how and when, (The Duty to Inform/consult/Involve) including relevant scrutiny councillors****Consultees**

These proposals have been through consultation with CYPE Cabinet Committee in May and September of 2018. The feedback from these discussions led to further liaison with Members of CYPE Cabinet Committee and the Chairs of the existing governance groups. The Lead Officer has also contact relevant partner agencies, to incorporate their feedback into the final proposals. Draft proposals were also presented to Cabinet Members (CMM) on 3rd December 2018 and the revised proposals are scheduled to be presented to CMM on 7th January 2019.

Local Councillors who are Chairs or attendees of the current YAGs, DABs and LCPGs were consulted in early 2018 and again during October and December 2018. The feedback from these meetings has been fully considered in the shaping of the proposals to be presented to CYPE Cabinet Committee in January 2019. Members representing the Labour and Liberal Democrat parties at CYPE Cabinet Committee were also consulted with, as part of this process.

There are no financial implications expected as a result of the proposed changes to district governance structures for 0-19 (and up to 25) non-statutory children's services.

The current arrangements are supported by members of staff within EHPS and, whilst this will continue to be the case within the new proposed arrangements, it is hoped that these will be far more effective and reduce some of the duplicated administration, thus resulting in a reduction of staff time. It is also anticipated that the proposed changes will result in a reduction of duplicated attendance from partner agencies, who currently sit across all three of the existing groups.

In summary, not implementing the service charge would lead to either the deterioration or closure of existing sites. So despite considering alternative approaches, it was clear that charging a service charge would be the best approach to protect the service and continue to deliver for residents and KCC has endeavoured to keep this charge well below rental market costs.

Sandwich Highways Depot

The Decision needed:

Update 09/03/2015:

DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.

Latest Update:

19/05/2014: Decision due date changed from 23/12/2013 to ‘Not before’ 01/11/2014.
REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

Title:

Eden Centre Lease

The Decision needed:

LATEST UPDATE:

19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.

REASON: The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
