This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

## **FORWARD PLAN OF DECISIONS**

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council's web site at [www.kent.gov.uk](http://www.kent.gov.uk) at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council's website.

**19/00052 - Gypsy and Traveller Pitch Allocation Policy**

**The Decision needed:**

Proposed Decision:

To revise and update Kent County Council’s (KCC) Gypsy and Traveller Service Allocations Policy for managed sites.

Background:

This review work is part of ongoing, council-wide activity to update and improve our processes, policies and practices.

The priorities for the Gypsy and Traveller service are to:

- Improve current service efficiency whilst also planning for future demographic pressures within the Gypsy and Traveller community through better planning and countywide coordination on the provision of good quality sites.
- Manage the growing financial challenge by ensuring that pitch allocations are made in a clear and transparent manner and that rent affordability is confirmed prior to pitches being allocated.
- Improve licensee vetting, licence agreements and enforcement policies to ensure our sites’ residents understand accepted levels of behaviour, including requirements for rent payments, both prior to being allocated a pitch and for the duration of their tenancy.

**Your name, Your Service, Your phone number and email address:**

The new Pitch Allocation policy will seek to redress historic issues around rent affordability and ongoing rent collection by setting out clear guidelines to all prospective tenants of the required rent arrangements and the subsequent enforcement action that will be taken if rent payments are not recovered in line with requirements.

Increased, consistent vetting of tenants will ensure that affordability of pitches is checked prior to licences to occupy being issued.

Recovery of 100% of rent costs for all tenants is critical to enable the ongoing quality, sustainable management of the sites in the future.

**Title:**  
**19/00047 - Regional Adoption Agency - Kent County Council, London Borough of Bexley & Medway Council**

**The Decision needed:**

**Background**

In March 2016, the government announced changes to the delivery of adoption services setting a very clear direction that all local authorities' adoption services must be delivered on a regionalised basis by 2020.

The proposal is for a new Regional Adoption Agency (RAA) to be created through combining the adoption services for the three authorities of Kent, London Borough of Bexley and Medway. These agencies wish to build on the success of their existing services to improve performance in meeting the needs of children who require permanence through adoption, by bringing together the best practice from each authority within the RAA. It is proposed that Kent will be the lead authority and the host for the RAA.

Reports on the development of an RAA across Kent, Bexley and Medway have previously been presented to Children's Social Care & Health Cabinet Committee on 6<sup>th</sup> September 2016 and to CYPE Cabinet Committee on 7<sup>th</sup> September 2017. CYPE Cabinet Committee was asked to ENDORSE in principle the proposal to enter into formal dialogue with Medway Council and the London Borough of Bexley with a view to

establishing a Regional Adoption Agency.

A report is being presented to CYPE Cabinet Committee on 28<sup>th</sup> June 2019 which builds on the formal conversations that have been taking place between the 3 local authorities since September 2017 by moving the project into a detailed design phase with ultimate, final sign off on the model to take place in September 2019.

**Proposed Decision to be taken by the Cabinet Member for Children, Young People and Education:**

To develop a Regional Adoption Agency model in collaboration with London Borough of Bexley and Medway Council which will be established in line with the government programme.

**Consultees**

The strategic and service leads for adoption across the region have been engaged through monthly executive boards.

The project manager and service leads have begun early consultation work with adoption staff to gain feedback and input into the emerging model.

Formal consultation with adoption staff, through a joint change management procedure, is currently planned to take place as soon as possible after the formal decisions are made in each of the local authorities.

This matter will be discussed at the Children's, Young People and Education Cabinet Committee meeting on 28<sup>th</sup> June 2019.

**Section 4 – Responsible Officer – Who to contact for more information.**

**Your name, Your Service, Your phone number and email address:**

The overall model of delivery will cost no more than the current cost of services collectively across the region. Each local authority will be asked to

contribute no more than its current budget for delivering adoption services. Kent County Council's 2018-19 Adoption budget was £2,905,500 and further financial modelling work is being undertaken to analyse current budgets and, therefore, this figure may change slightly in the final Cabinet Committee report; however, the principal of no spend above current, agreed budgets will still apply. The RAA will aim to move from current spend to an activity led spending model by year 4 of implementation. The full business case will set out the phased approach to moving from current spend to activity led spend.

**19/00048 - Release funding for Phase 2 of the works to change the age range of Saint George's Church of England School to create an all-through school for pupils aged 4 to 19 from September 2019**

**The Decision needed:**

**Reason(s) for decision:**

The original build was planned to be phased with the intention being that Phase 1 would provide a 2FE infrastructure core build with 1FE of accommodation for 2018, with the second FE being produced for 2021. However due to delays through the planning process the first FE will now open in September 2019.

Due to pressures on the CYPE capital budget at the time of agreeing this scheme it was agreed the that scheme would be phased to aid cash flow, whilst recognising that this could ultimately increase the overall cost of the scheme. However, to ensure costs do not escalate further by continuing to delay the production of the second FE, the advice from Gen2 is that it would be more beneficial to the school in terms of reducing disruption to its operation and financially advantageous to build Phase 2 while the construction plant and builders are on site, rather than producing a new build some time further in the future.

There have been significant planning issues:

- Two ransom strips have been identified, one belonging to Colyer Ferguson Trust and one to Gravesham Borough Council. Both took some time to be resolved.
- There have been challenging highways issues with a new access being created off a local residential road.
- The land has required some grading as the whole site slopes upward to the south.

**Proposed decision:**

The Cabinet Member for Children, Young People and Education is asked to agree to:

- Allocate £2,500,000 from the Children, Young People & Education Capital Budget to fund any necessary works or variations to accommodation for Phase 2 of the age range expansion project at St George's Church of England School.
- Authorise the Director of Infrastructure in consultation with the General Counsel to enter into any necessary contracts/ agreements on behalf of the County Council.
- Authorise the Director of Infrastructure to be the nominated Authority Representative within the relevant agreements and to enter into variations as envisaged under the contracts.

**Has this matter been considered by the Infrastructure Commissioning Board (ICB)?**

The phase 2 scheme has already been presented to the Strategic Commissioning Board and it has been confirmed that the required funding

for phase 2 is included within the planned CYPE capital programme.

**Is any consultation planned or has already been undertaken?**

The Academy carried out a consultation prior to the original decision. The result was that the governors agreed to proceed with the project.

**Has this proposal been to cabinet committee?**

Yes. On 1st February 2017, the decision of the Education and Young People's Services Cabinet Committee, was to recommend that St George's CE School should expand, by virtue of a change of age range, taking pupils age range of reception to Year 6.

The original Record of Decision (17/00011) agreed to allocate £7.1m from the CYPE Capital Budget to fund the first phase of the build.

The Children and Young People's Cabinet Committee will be considering this decision at their meeting on 28 June 2019.

**Which Divisions / Local Members are particularly affected?**

Northfleet & Gravesend West, Dr Lauren Sullivan & John Burden

**Have views been sought from local Members?**

Yes. Mr Burden and Dr Sullivan have been informed and officers were able to provide Dr Sullivan with some clarifications on the project. Any views submitted will be reported to the Cabinet Committee.

**19/00049 - Approve a change to the age range of Seal Church of England Primary School, Zambra Way, Seal, Sevenoaks, Kent TN15 0DJ site to include nursery provision for 2, 3 and 4**

## **year old children from September 2019**

### **The Decision needed:**

#### **Background:**

At present, Seal Village Pre-School is located on the site of Seal Church of England Primary School and the majority of their children feed into the school through the KCC admission policy. The proposal was that the Seal Village Pre-school become part of the school and is run as a maintained pre-school within Seal Church of England Primary School.

The pre-school has access to the grounds, however becoming part of the school would mean they have improved and increased access to all facilities within.

The school offers extensive CPD to staff and would aim to continue to develop the staff within the current pre-school. Through this new arrangement, the children within the pre-school would be given Forest School as part of their Early Years curriculum offer, along with the use of the school's technology, resources and facilities. There would be greater transition for children from pre-school into Foundation Stage as they would be situated in a classroom next door within the main building. The pre-school would be located within the new building planned to be built this year and this will give the children more space and a nicer environment in which to thrive.

There is no capital cost to KCC. The Pre-School will be governed by the school's governing body and members of the current management committee will be invited on to the Governing Body, so the Pre-School are appropriately represented.

This proposal will not create additional provision on site; as such it will not attract additional road traffic to and from the school. The staff will remain the same within the nursery, however they will be employed by the school and contracted to Kent County Council rather than the privately-run pre-school. The existing Pre-School will dissolve its charity and as part of a TUPE process, the staff will transfer over and be part of the school.

#### **Proposed decision:**

The Cabinet Member for Children, Young People and Education is asked to agree to approve a change to the age range of Seal Church of England Primary School, Zambra Way, Seal, Sevenoaks, Kent TN15 0DJ site to include nursery provision for 2, 3 and 4-year-old children from September 2019.

**Title:****19/00051 Fastrack Full Network - Bean Road Tunnels****The Decision needed:**

Approval is required to take the Fastrack Full Network – Bean Road Tunnels scheme through the next stages of development and delivery including authority to progress statutory approvals and consultation where appropriate, and to enter into funding agreements and construction contracts.

Fastrack is the high-quality Bus Rapid Transit system operating in the Gravesham / Dartford area. The existing Fastrack network has been in place since 2006/07 and provides fast, reliable and efficient transport across Kent Thameside. A programme of Fastrack projects has been identified to deliver infrastructure and operational arrangements to complete delivery of the Fastrack Full Network.

Bean Road Tunnel is a major civils infrastructure scheme to provide a Fastrack busway and a footway/cycleway linking Eastern Quarry and Bluewater. Two haulage tunnels were constructed through the chalk spine supporting B255 Bean Road to facilitate earthworks movements during the construction of Bluewater Shopping Centre during the mid-1990's. These tunnels still exist and were considered to be used to form a new direct connection. Following feasibility work into the potential use of these tunnels it has been determined that it would be more cost effective to construct a new tunnel for both Fastrack/cycling/walking and leave the existing tunnels as is. The proposed new bore tunnel with combined bus, walking and cycling renders both haulage tunnels redundant. Recent ecological investigation in the construction tunnels has revealed that there is some low-level bat activity and mitigation will be required in the construction of a new tunnel. Whilst one tunnel would be retained for bat conservation, the other would be filled to reduce maintenance and potential risk of exposure to unauthorised access. These works must be delivered to link up with the Fastrack Spine being built across Eastern Quarry by developer Henley Camland.

The Ebbsfleet area is due for significant growth in the coming years and with current levels of traffic congestion considered to be at critical levels already, Fastrack is central to supporting the growth agenda whereby a 40% modal share is assumed between public transport and the car.

<p><b>Title:</b> <b>19/00046 - No Use Empty (NUE) update and continuation of the initiative</b></p> <p><b>The Decision needed:</b> Kent County Council (KCC) launched the No Use Empty (NUE) initiative in 2005 as part of its second round PSA2 commitments to examine better</p>

ways of delivering services, and particularly at working more effectively with district councils.

The primary aim of the Initiative is to improve the physical urban environment in Kent by bringing long-term empty properties back into use as quality housing accommodation.

Initial focus on the Urban coastal areas of East Kent (Districts: Dover, Thanet, Folkestone & Hythe, and Swale). Following the success of NUE in East Kent, the initiative was rolled out across Kent in 2008/09.

Delivered by KCC in partnership with all 12 district councils NUE provides an exemplar model which can be replicated. Firmly established as the longest running and most effective empty property initiative in the country winning several awards including UK Housing Award for Regeneration (May 2018).

Planning, dedicating resources, monitoring outcomes, adjusting delivery models to reflect current market conditions, providing financial assistance to owners by offering secured short-term loans with repayments recycled for new loans and above all continuity are the ingredients to the success of NUE.

Achievements:

- 5,911 empty properties brought back into use (2005 to March 2019)
- £27m recycled loans awarded
- £29m leverage from public/private sectors
- Turned 276 empty properties into 972 new homes
- Created 696 new council tax receipts worth £700k per year
- Contributed to New Homes Bonus

NUE welcomes the opportunity to provide Growth, Environment Development and Communities Cabinet Committee (GEDCC) with an update on the initiative, its future plans, gain GEDCC support for its continuation including satisfaction with the approval of delegation of authority in place as well as support to seek opportunities for unlocking further funding which will contribute to and help accelerate the delivery of good quality housing in the County.

The purpose of attending Cabinet Committee is to give an update of an existing initiative and seek support for its continuation as identified in the Budget Book approved on 14 February 2019 and to re-affirm delegation of authority.

**Background:**

Due to changes to the mix of co-mingled dry recyclable materials collected by both Tunbridge Wells Borough Council (TWBC) and Tonbridge and Malling Borough Council (TMBC) from 30<sup>th</sup> September 2019, Kent County Council (KCC) needs to source an alternative supplier to process this waste for recycling and re-processing.

The dry recyclable waste collected by the Borough Partnership cannot be incorporated into the existing contract as the composition of the material is different.

The Contract will be environmentally beneficial as the materials will be recycled therefore avoiding less desirable environmental impact.

**19/00031 - Increase in the designated number at The Elms School, Dover**

**The Decision needed:**

Background:

The Elms School is a good school designated for 96 pupils with behaviour and learning needs. Currently the school has 130 pupils on roll. This number is expected to increase to 158 from September 2019. It is necessary therefore, to regularise this situation and increase the designated number of the school via a statutory process.

Legislation requires that statutory proposals are undertaken where the number of pupils on roll of a special school exceeds its designated number by more than 10%. Therefore, we are proposing to increase the designated number to 158, to regularise the current position and to increase the number of places available.

Proposed decision:

<p><b>Title:</b> <b>19/00037 - New St Andrew's Primary Free School Contract Approval</b></p> <p><b>The Decision needed:</b></p>

**Background:**

In July 2016 the Department for Education approved a Wave 11 bid proposed by the Tenax Trust to establish the St Andrew's Primary Free School at Paddock Wood, Tunbridge Wells. The proposed new school will have the capacity for 420 pupils (2 FE) from reception to year 6. The bid also included an estimated 60 nursery places. The Education and Skills Funding Agency (ESFA) is responsible for funding the delivery of the new school.

The ESFA has appointed KCC to act as the Local Delivery Agent (Responsible Body), with Gen2 acting as KCC's Agent. As the Responsible Body, KCC will commit to procuring and delivering the scheme and will be the contracting authority for the purpose of the scheme. As the Responsible Body KCC is also responsible for compliance with all relevant statutory obligations and is required to secure any statutory approvals required to deliver the scheme.

**Section 2 – Who is taking the final decision and when****Who is taking the Decision**

**Date:**

**Reason if Key Decision**

Tenax Trust and the Department for Education will have considered the equality impacts of opening a new school as part of their decision making. In respect of this proposed decision, to agree KCC can enter into a contract to deliver the school building, there are no known equalities implications.

**Reason if this decision has been delayed/withdrawn from a previous plan****Section 3 – – Who is to be consulted, how and when, ( The Duty to Inform/consult/Involve ) including relevant scrutiny councillors****Consultees**

The matter does not need to be considered by the Infrastructure Commissioning Board as the proposal is outside of the terms of reference.

Consultation on the proposal to open a new school would be a matter for Tenax Trust and the DfE.

**Section 4 – Responsible Officer – Who to contact for more information.****Your name, Your Service, Your phone number and email address:**

The ESFA has allocated funding for the build costs of the school (circa £8.35

million) and this will be secured within a Development Agreement prior to KCC entering any Construction Contract. There will be no capital funding requirements from KCC in relation to the scheme and therefore no impact on the County Council's MTFP.

**19/00038 - Increase in the age range and the designated number at Oakley School, Tunbridge Wells**

**The Decision needed:**

**Background:**

Oakley School is the PSCN school for Tunbridge Wells. Its designated age range is 2-18 years. All other PSCN schools in Kent are designated up to age 19 years (ie include Year 14 - young people who turn 19 during the academic year). Oakley School has established a separate company which is an Independent Specialist College (Oakley College) for young adults aged 19-25 years. This takes young people who are aged 19 (i.e. Year 15). The anomaly of Oakley being the sole PSCN school without provision for Year 14 and the fact pupils have a one-year gap before they can enter Oakley College needs to be addressed.

**Proposed Decision:**

Increase the age range of Oakley School, Tunbridge Wells from 2-18 to 2-19 and increase the designated number from 242-252 places.

<p><b>Title:</b>  <b>19/0028 - Expansion of Palmarsh Primary School</b></p> <p><b>The Decision needed:</b>  Background Information:</p> <p>In January 2017 permission was agreed to release £2,200,000 from the</p>

Education and Young People's Services Capital budget to enable Palmarsh Primary School to expand to 1FE. It was understood that this would be the first phase of a gradual expansion to 2FE.

The first phase of the expansion would provide 3 new classrooms, a new entrance off Jubilee Close, offices and car parking with further classrooms being added in later phases.

Planning permission for the first phase of the expansion has been achieved. However, in order to secure the said planning permission significant adaptations needed to be made increasing the capital costs to £2,600,000.

Options:

Consideration has been given as to how we can scale back the first phase of the expansion plans, ensuring there is: is sufficient high quality classroom space for the school to expand to 1FE; provision of a new entrance off Jubilee Close; increased car parking and the completion of agreed s278 works.

Sufficient classroom space could be achieved via the removal of an old mobile classroom and replacing this with a new two classroom mobile unit. The new offices and permanent classrooms could be delivered in a later phases as an when there is a need for second FE of provision. The total costs for the mobile classrooms, new entrance off Jubilee Close, car parking and s278 works would be in the region of £700,000.

A variation to the present planning permission will be required if this was to proceed.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to release £625,000 of the £2,200,000 already agreed from the Children, Young People and Education Capital budget to expand Palmarsh Primary School to 1FE.

This proposal will help “to ensure that Kent’s young people have access to the education....necessary to support Kent business to grow ...” as set out in ‘Increasing Opportunities, Improving Outcomes: Kent County Council’s Strategic Statement (2015 - 2020)’ and supports delivery of KCC’s responsibility to provide sufficient, high quality places where they are needed as set out in the ‘Commissioning Plan for Education Provision in Kent 2016-2020’

Financial Implications: Will be set out in the report that will be considered by the Children's, Young People and Education Cabinet Committee.

Legal Implications: Any legal implications will be identified in the report that will be considered by the Children's, Young People and Education Cabinet Committee

Equality Implications: An Equality Impact Assessment has been produced and can be viewed here: [www.kent.gov.uk/schoolconsultations](http://www.kent.gov.uk/schoolconsultations) .

The Commissioning Plan for Education Provision 2016-20 identified Marden as an area of future need and Marden Primary School was therefore proposed for expansion to meet that predicted demand. The Plan was considered and endorsed by the Education and Young People’s Services Cabinet Committee on 15 December 2015 prior to the final version being considered and approved by Cabinet on 21 March 2016.

A public consultation commenced on 23 September 2016 and closed on 21 October 2016. Further information is available on the School Consultation webpage: [www.kent.gov.uk/schoolconsultations](http://www.kent.gov.uk/schoolconsultations)

The outcome of the consultation was due to be reported to Education and Young People’s Services Cabinet Committee on 23 November. The report was deferred, pending further discussions on the design and planning process and will be considered by the Cabinet Committee at its meeting scheduled for 22 June 2017

**Section 1 – the decision needed, how it relates to the Council’s Corporate Outcomes and the Costs and risks involved.**

**Title:**  
**Sandwich Highways Depot**

**The Decision needed:**

**Update 09/03/2015:**

**DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.**

**Latest Update:**

19/05/2014: Decision due date changed from 23/12/2013 to ‘Not before’ 01/11/2014.

REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the “Kent Environment Strategy” by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new depot.
- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

**Eden Centre Lease**

**The Decision needed:**

**LATEST UPDATE:**

**19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.**

**REASON:** The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

---

**To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.**

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
