FORWARD PLAN OF DECISIONS

25 June 2020 - 31 October 2020

This Edition of the Forward Plan Supersedes ALL Previous Editions

Leader of the County Council – Roger Gough
Published by Democratic Services

This Forward Plan lists “Key Decisions” which Kent County Council intends to take over the next six months. It gives information on the projects that will be coming forward and who will be involved with them. The Plan also contains reference to other proposed decisions, which although not Key Decisions are nonetheless significant in terms of their outcomes.

Please use the contact details given to let us know your views.

FORWARD PLAN OF DECISIONS

Each month the Council publishes a Forward Plan of Decisions expected to be taken during the following six months.

A “Key Decision” is an Executive-side Decision which is likely to:

- (a) result in the council incurring expenditure which is, or the making of savings which are, significant having regard to the council’s budget for the service or function to which the decision relates; or
- (b) be significant in terms of its effects on communities living or working in an area comprising two or more electoral divisions in the area of the local authority.

Key Decisions can only be taken by the Cabinet, the Leader or an individual Cabinet Member.

Decisions which should be regarded as Key Decisions because they are likely to have a significant effect either in financial terms or on the Council’s services to the community include:

- (a) Decisions about expenditure or savings over £1,000,000 which are not provided for within the approved budget or Medium Term Financial Plan
- (b) Adoption of major new policies not already included in the Policy Framework (Constitution Appendix 3) or changes to established policies
- (c) Approval of management and business plans
- (d) Decisions that involve significant service developments, significant service reductions, or significant changes in the way that services are delivered, whether County-wide or in a particular locality. For example, closure of a school, approval of a major project (such as a highway scheme) or programme of works, major changes in the eligibility criteria for provision of a service, major changes in the fees charged for a service, or proposals that would result in a service currently provided in-house being outsourced.
- (e) Decisions where the consequences are likely to result in compulsory redundancies or major changes in the terms and conditions of employment of a significant number of employees in any of the Council’s functions.

Preparation of the Forward Plan helps the Council to programme its work and ensures compliance with the Local Government Act 2000. Every month, the period covered by the Plan will be rolled forward by one month and the plan will be republished.

The Plan outlines the consultation that is proposed in respect of future decisions and who members of the public and the Council should contact to make comments on any particular item. Anyone is entitled to obtain copies of the documents that will be relied upon when a decision is taken, unless those documents are ‘Exempt’ within the meaning of the relevant sections of the Local Government Act 1972 (as amended).

Reports related to decisions will be published on the Council’s web site at www.kent.gov.uk at least five days before the decision it is due to be taken. Once the decision has been taken, a copy of the Record of Decision will also be published on the Council’s website.

Reference No: Legal support has been engaged to develop an Infection Control Grant Agreement, in line with the requirements from Central Government and KCC's own contractual and commissioning policies. These agreements will need to be completed by the recipients before funding is released. The issue of whether state aid will apply to these payments has been considered during the development of the agreement and measures are in place to ensure appropriate compliance. The agreement makes clear the conditions of the funding and provides for detailed monitoring of the application of the funding and requires re-payment where not used for specified purposes or where compliance is not met.

Key Yes

Section 1 – the decision needed, how it relates to the Council's Corporate Outcomes and the Costs and risks involved.

Title:

20/00067 - Infection Control Fund - wider social care market support

The Decision needed:

Background –

On 14 May, the government wrote to Local Authorities announcing that £600 million will be issued to councils to support care providers through a new Infection Control Fund. This is to be received in two instalments: 50% in late May and 50% in July. The government has required that 75% of this funding is for direct passporting to homes that have met the conditions outlined in the grant. There is more discretion over how the remaining 25% of the grant can be spent.

In a Q & A document issued by government on 8th June, further clarification was given as to the areas on which the 25% of the grant can be spent.

“Local authorities may use 25% of the Grant on other Covid-19 infection control measures, including payments to domiciliary care providers or wider workforce measures. These wider measures could include, for example, additional financial support for the purchase of personal protective equipment by providers or by the local authority directly (although not for costs already incurred) or measures the local authority could put in place to boost the resilience and supply of the adult social care workforce in their area in order to support effective infection

control.”

DHSC Infection Control Fund Question and Answer

The proposals will be developed in co-production with social care providers to ensure that they will meet the needs of the market.

Reason for the decision -

Under Decision 20/00061 Infection Control Fund, KCC accepted an £18.88m grant from government. 75% of this was passported to care homes in accordance with direction from government but with the requirement that KCC take on accountability and responsibility for management of the funding.

25% of this funding (£4.72) must now be deployed on other infection control measures as determined by KCC. As part of the previous key decision, it was agreed that:

the Corporate Director for Adult Social Care will develop proposals on how to allocate the remaining 25% (£4.72m) of the Infection Control Fund grant, in line with the terms of the grant, to support the whole care market (including homecare, supported living and those on direct payments) with wider resilience in relation to COVID-19 Infection Control.

This proposed decision is necessary to progress with delivering this allocation of the £4.72m.

In recognition of the challenging situation for providers, KCC is moving at pace to develop the detailed proposals with providers via co-production. These will be considered by the Cabinet Member and included when further formal decision notices are issued.

Proposed decision –

To approve the spending proposals relating to the 25% (£4.72m) of the Infection Control Fund grant allocated to the Council for infection control measures across the wider social care market.

The proposed arrangements will remain subject to the terms of use included within KCC’s acceptance of the grant conditions via Decision 20/00061.

Section 4 – Responsible Officer – Who to contact for more information.

Your name, Your Service, Your phone number and email address:

The funding to the Council is received as a grant paid under section 31 of the Local Government Act 2003 ring-fenced exclusively for actions which support care homes in reducing the rate of COVID-19 transmission or to support wider workforce resilience including to domiciliary care providers; the total value is £18.88m. The guidance sets out that the remaining 25% (£4.72m), not passported to care homes under Decision 20/00061, is for the whole market to include other types of provision but with greater discretion at deciding how this proportion of funding can be spent. Responsibility and accountability for the administration and management of the grant sits with the Council. The administrative costs relating to the Infection Control Fund grant are not provided for from the grant and will need to be met by the council. The proposals developed will be designed to ensure that they meet the conditions of the grant in order to minimise this risk.

Title:

20/00063 - Reinvestment of Growing Places Fund

The Decision needed:

Proposed decision:

- **Note the projects in Kent that the South East Local Enterprise Partnership's Strategic Board has prioritised to receive Growing Places Funding (GPF)**
- **Act as the accountable body for projects within Kent's geographical boundaries that are selected by the SELEP to receive GPF loan funding.**
- **Delegate to the Section 151 the authority to sign on KCC's behalf a loan agreement or equivalent, where this is required to draw down funds following business case approval.**

Background:

In 2019, the South East Local Enterprise Partnership (SELEP) announced the release of a further tranche of the Growing Places Fund (known as GPF). GPF is a revolving capital loan scheme, and it funds capital infrastructure projects that support job creation, housing delivery, and wider economic growth.

SELEP has now received £12m in repayments from existing GPF schemes, and this loan funding is now available to reallocate to new projects. SELEP asked its local federated boards (including the Kent and Medway Economic Partnership) to select prospective projects for the SELEP Strategic Board to consider at their meeting on 12 June 2020. At this meeting, the SELEP Strategic Board chose five Kent projects to be added to its SELEP pipeline of projects to receive GPF as repayments become available, subject to final approval of the business case being granted by the SELEP Accountability Board.

SELEP asks Kent County Council to enter into a loan agreement with Essex County Council (which is SELEP's accountable body) for all schemes awarded GPF by SELEP within KCC's administrative boundary, whether the projects are Kent County Council projects, or alternatively projects promoted by a third party (e.g. a private sector business). If Kent County Council is not the promoter of a project within its administrative boundary, Kent County Council is asked to enter a back-to-back loan agreement with the third party.

This key decision is therefore required to enable loan agreements to be entered into, so that funding may be secured for the Kent projects from the fifth tranche of Growing Places Funding.

Options (other options considered but discarded):

If Kent County Council were to choose to not enter into a loan agreement for the GPF projects selected by the SELEP Strategic Board, the GPF

funding would be reallocated to the other projects that are being promoted by the other federated boards represent East Sussex, Essex, Southend and Thurrock.

Title:

20/00060 - Adjustments to the Kent Test and Secondary Co-ordinated Admissions scheme as a result of COVID-19 restrictions

The Decision needed:

Proposed decision –

Delay the Kent Test assessment until 15 October (17 October for out-county applicants) to allow children additional time to settle once they return to school; and

Increase the number permitted school preferences as part of the Secondary Common Application process from 4 to 6 for this year only.

Background

The Kent Test is an essential element of KCC's co-ordinated admissions process, assessing children's eligibility to apply for any of Kent's Grammar schools. It is defined within all Kent Grammar school admission arrangements as the method for identifying eligible candidates, even where grammar schools also offer their own selection test. KCC therefore has a legal responsibility to provide an assessment method:

- for the Kent Grammar schools for which it is the Admissions Authority (*Dover Grammar School for Girls, Simon Langton Girls' Grammar School and Tunbridge Wells Grammar School for Boys*), and
- for Kent's "own admission authority" grammar schools who also make use of the Kent Test.

The Kent Test is currently timetabled for 10 September 2020. The latest announcement by the Secretary of State for Education is that Government is no longer expecting all Primary aged pupils to have some time in school before the close of the current academic year. The wider reopening of schools in England is now being planned for the beginning of September. There remains the potential for the reintroduction of Covid-19 related restrictions which could further impact on the return to school of pupils and our ability to operate the Kent Test. KCC must also consider what impact an extended interruption to classroom teaching will have on those learners, ensuring that the assessment process remains as fair as possible within current limitations.

The proposed delay will allow KCC to take appropriate steps to ensure that

the Kent Test can be delivered in the safest way possible, with sufficient social distancing controls in place, but also accounting for the unexpected educational environment that Year 5 pupils will have experienced in the lead up to taking part in the Kent Test.

The proposed delay will also provide an opportunity for all students to take part in school-based learning before undertaking the Kent Test, while still ensuring that the wider co-ordinated admissions timeline can be implemented to ensure that school offers are made on 1 March 2021.

To account for the fact that, on this occasion, parents would not have their child's test result by the National Closing Date for admission applications, the proposed increase to the number of permitted school preferences will enable parents who are uncertain of their child's eligibility for a grammar school to name up to two without reducing the number of non-selective schools on their application. Parents who are not considering a grammar school for their child will also have six preferences to ensure fairness across the co-ordinated process.

Legal Implications

KCC, in accordance with statutory requirements, determined its co-ordinated admissions scheme for 2021 intake into Secondary schools on 22 January 2020, which defined the process for entry into secondary schools including the Kent Test. This includes the dates by which parts of the process will happen, including the Kent Test. These proposals change relevant aspects of that determined scheme.

KCC is obliged to ensure a process remains available to identify children who are eligible for a place in Kent Grammar schools.

The School Admissions Code (2014) requires selective admission authorities to take all reasonable steps to provide applicants with the result of any assessment before National Closing Date for Secondary Admissions applications (31 October 2020). KCC's original determined scheme provided applicants their results on 15 October 2020. Proposals will result in test outcomes being delayed until late November. As this proposed decision is developed further, KCC continues to engage with the DfE on relevant considerations for balancing the need to comply with existing legal obligations and statutory requirements with the particular challenges caused by the COVID-19 Pandemic, which need to be resolved to deliver an outcome that minimises negative impacts on parents and children.

Original Records of Decision expire the cessation of the original contracts, as such a new decision needs to be made. Expected expenditure remains within budget on both contracts.

Options - it is a legal requirement (2012 Executive Arrangements regulations) to outline other options considered

There are two options as follows:

1. Do nothing – the current contracts will elapse with no arrangement in place.
2. Extend the existing arrangements under the current contracts' terms and conditions to fulfil the Statutory duty of KCC operating under the Environmental Protection Act 1990, to dispose of collected municipal waste.

The 2nd option is necessary due to the existing contracts being satisfactory and performing well and to allow KCC time to undertake full Procurements of both waste materials to ensure that the best outcomes are reached for Kent residents, whilst dealing with the Challenges and pressures due to the Covid-19 Pandemic.

20/00058 - Local Growth Fund Round 3b Third Party Scheme - M2 Junction 5 Improvement Scheme

The Decision needed:

Proposed decision:

The Cabinet Member for Highways & Transport is asked to give approval to progress the M2 Junction 5 Improvement scheme, via KCC's Local Growth Fund arrangements, allowing it to progress to the stages of development and delivery.

Specifically:

- **to confirm that KCC will act as the accountable body for the project;**
- **to enter into a funding agreement for the Local Growth Fund (LGF) and KCC contributions to the scheme; and**
- **to enter into legal agreements with the relevant third party delivering the scheme to transfer the conditions of the LGF spend and project management to them**

Also, to agree to delegate authority to Corporate Director of GET, in consultation with the Corporate Director of Finance & Procurement, to enter into relevant legal agreements and take other actions necessary to implement this decision.

Background:

In the Growth Deal announcements in July 2014 (Round One), January 2015 (Round Two) and February 2017 (Round Three), the Government allocated £570 million from the Local Growth Fund to capital projects across the South East Local Enterprise Partnership (SELEP) area.

In total, through the three rounds, £128m Local Growth Fund was allocated towards the delivery of 25 Highways and Transportation projects and 6 non-transport projects in Kent.

As the end of the Growth Deal (March 2021) approaches, several projects throughout the SELEP region have experienced difficulty with delivery. This has resulted in projects having their LGF allocations removed and to date £33.396m of funding has been returned to SELEP for reallocation to projects which have demonstrated deliverability by March 2021.

Through this process, an allocation has been made available for the M2 junction 5 improvement scheme. This scheme will be delivered by Highways England and KCC will transfer the LGF on to the third party for the delivery of the scheme.

It has been agreed with Government that SELEP and therefore Kent County Council will receive Local Growth Fund in quarterly instalments in advance in accordance with the scheme spending profiles, subject to completion of a Business Case for each project and the approval of the project by SELEP Accountability Board.

A legal agreement has been prepared between KCC and Highways England which will transfer all the LGF spend and project management responsibility on to them. This includes updating Kent County Council monthly on project progress and spend; as well as completing the post scheme monitoring required by SELEP.

The scheme will be delivered in line with the current governance arrangements under the Local Growth Fund (KCC and SELEP). Therefore, it will carry out necessary consultation and equality impact

assessments as part of the scheme progression.

The business case for the M2 junction 5 scheme was approved at SELEP Accountability Board on 14th February 2020.

The M2 Junction 5 scheme is subject to a Public Inquiry which has been delayed due to the Covid-19 emergency. It is likely that the Public Inquiry will now be considered in August 2020. In order to demonstrate that the full funding package is in place; Highways England need to have sealed legal agreements available to show the LGF and KCC contributions towards the scheme delivery.

Before the legal agreement can be sealed for the scheme; a key decision is required. The LGF cannot be spent until the Key Decision is in place.

No funding will be transferred to Highways England until the result of the Public Inquiry is announced; and it can be demonstrated that the project will proceed to delivery.

Options –

The options considered for the M2 Junction 5 Improvement Scheme are set out in the business case document which can be accessed here:

M2 Junction 5 (pages 13-15)

<https://www.southeastlep.com/app/uploads/2019/07/M2-J5-LGF-Business-Case-redacted.pdf>

How the proposed decision meets the objectives of ‘Increasing Opportunities, Improving Outcomes: Kent County Council’s Strategic Statement (2015-2020)’

The scheme particularly addresses Strategic Outcome 2 “Kent communities feel the benefits of economic growth by being in work, healthy and enjoying a good quality of life”. The improvement scheme will increase the capacity at the already constrained M2 junction 5; reducing journey times to assist Kent’s residents to reach employment, education and leisure activities. The junction is one of the top 50 national casualty locations on England’s major A roads and motorways; and the scheme will improve the safety for residents and visitors to Kent. The infrastructure will also unlock housing sites in Swale to generate economic growth within the area.

Contract Mobilisation	June – July 2020
Contract Commences	August 2020

Following the Call for Competition in March 2020, we received three expressions of interest from prospective providers. The Invitation to Tender was due to be issued in the first week of April, However, the Covid19 emergency has meant that KCC's procurement resources have been diverted towards supporting the procurement of health services and supplies associated with the pandemic. This has resulted in significant delays to the procurement process for the inward investment service, which has yet to resume.

The likelihood that procurement of the inward investment service would not be completed until much later in the year was brought to the attention of MHCLG in March 2020. At the request of MHCLG, the County Council commissioned Invicta Law to provide a legal opinion as to whether an extension to the current contract with Locate in Kent would be consistent with Regulation 72(1) of PCR 2015 and with Procurement Policy Note 1-20 (Response to Covid19) issued by the Cabinet Office in March 2020. Following the advice given by Invicta Law, on 30 April 2020 MHCLG agreed to allow an extension of 12 months to the current contract with Locate in Kent.

The extended inward investment services contract will be to 31 July 2021 and will cost £1,060,000. The contract will be funded by KCC, Medway Council and the ESIF Growth Programme.

The service will aim to promote and raise the profile of Kent and Medway as a business location with the aim of attracting new investment from Kent, UK and overseas businesses, creating jobs and economic prosperity. Contracted outputs for the period 1 August 2020 to 31 July 2021 will be 1,400 new jobs from SMEs and non-SMEs and 50 successful projects. There will be specific outputs for the ESIF-funded part of the project to provide consultancy support to SMEs and to create new jobs, which are

included within the overall 1,400 target.

Options considered:

Two options were considered in addition to a Do Nothing option:

- **Doing nothing.** This would mean having no further external service commission after the cessation of the current contract with Locate in Kent, and no in-house provision within KCC. This would provide significant financial savings to KCC. However, because there is currently no comparable business support service in Kent and Medway, this would result in a failure to capitalise on opportunities for growth in the local economy and job creation. It would also result in loss of funding support from Medway Council and the ESIF Growth Programme.
- **Option 1 – Do minimum.** This would mean establishing for the first time a bespoke, outward-facing business support service based in KCC. Although currently KCC does not have the expertise in-house to provide the specialised, face-to-face support that businesses want, this would potentially deliver cost savings to the County Council. However, it is unlikely to attract financial support from Medway Council, the ESIF programme and the private sector. There would also be TUPE implications of transferring staff from the current supplier to KCC.
- **Option 2 – Preferred option.** This is to extend the contract for 12 months from 1 August in line with PCR 2015 Regulation 72(1), ceasing the current procurement process until early 2021 and allowing up to six months to re-tender with adequate mobilisation periods should the existing supplier change. Prospective suppliers who have submitted Selection Questionnaires will be formally notified by KCC's Strategic Commissioning team about the halt in the procurement process due to the Covid19 pandemic. They will be advised as to the revised indicative procurement timescales and contacted when the new advert is published. The award of a new contract for the period August 2021 to March 2023 will require a Key Decision.

How does the proposed decision meet the objectives of 'Increasing Opportunities, Improving Outcomes: Kent County Council's Strategic Statement (2015-2020)'?

The project supports KCC's Strategic Outcome 2 (Kent communities feel the benefits of economic growth by being in work, healthy and enjoying a good quality of life). It also supports the following themes that influence the achievement of Outcome 2 (Planning for Growth, Investing in our Infrastructure, Standing up for Kent and Smart Places).

The project is consistent with the emerging draft of Kent's Economic Recovery Plan, which recognises the need to support businesses in the return to growth including through focussed efforts on place marketing, sector specific support and supply chain development and support for innovation.

Key Yes

Section 1 – the decision needed, how it relates to the Council's Corporate Outcomes and the Costs and risks involved.

Title:

20/00054 - Extension of TFM contract

The Decision needed:

Background

The current TFM (Total Facilities Management) contracts with Amey and Skanska expire in October 2021. Prior to March the Council was at the initial market testing stages of finalising the scope and approach for the procurement of new facilities management services when the existing contracts came to an end. To meet this timetable the competition was due to start in June/July, COVID-19 has had a significant impact on the wider

market and whilst there remains a strong interest from the market, in order to ensure that the Council has the strongest position, it is prudent to delay the start of the re-procurement to allow the market position to stabilise.

Reason for the decision

The decision is needed to ensure that KCC properties continue to receive Facilities Management Services, including for example, maintenance, cleaning, security and statutory compliance. The cost of the extension will exceed £1million and is outside of the original delegated authority envisaged under the original contracts.

Proposed decision

Proposed decision –Deputy Leader and Cabinet Member for Finance, Corporate and Traded Services agrees to a conditional extension for the current Total Facilities Management Service Contracts for East, Mid and West to mitigate the service gap as a result of the COVID-19 delay to the re-procurement of Facilities Management contract – finalisation of terms and authority to enter into relevant contracts and other legal agreements to be delegated to the Director of Infrastructure.

<p>Title: 20/0053 - Proposal to increase the Designated Number of places at Broomhill Bank School, Broomhill Road, Royal Tunbridge Wells, Tunbridge Wells, TN3 0TB from 210 to 318 places from September 2020</p> <p>The Decision needed: Background Information:</p>

KCC, as the Local Authority (LA), has a statutory duty to ensure sufficient school places are available. This duty applies to Special Educational Needs (SEN) provision, as well as mainstream settings. The County Council's Commissioning Plan for Education Provision in Kent 2020-24 is a five-year rolling plan which is updated annually. It sets out KCC's future plans as Strategic Commissioner of Education Provision across all types and phases of education in Kent. A copy of the plan can be viewed from this link:

<http://www.kent.gov.uk/about-the-council/strategies-and-policies/education-skills-and-employment-policies/education-provision>

The Commissioning Plan highlights the SEN place pressure that Kent has experienced, with the number of Education Health and Care Plans (EHCPs) increasing significantly in recent years. The most prevalent and fastest growing need type is ASD (Autistic Spectrum Disorder) and data indicates that 40% of children and young people aged 0-25 years with EHCPs have ASD as their primary need type.

The demand for ASD places at Broomhill Bank School has increased commensurately, with strong parental preference. Broomhill Bank has a Designated Number of 210, but there is pressure for the school to accept additional pupils to meet demand in both West and North Kent. The Broomhill Bank Governing Body, with support from KCC, is proposing to increase the school's Designated Number from 210 to 318 places from September 2020.

Feasibility work and curriculum analysis has been undertaken across both school sites to ensure the school can meet the needs of the additional number of pupils proposed. This work indicates that the school will need increased classroom provision, car parking and school access changes; alongside enhancement of existing sports provision at the Broomhill Bank North site at Swanley, and additional sports provision at the West site in Tunbridge Wells. Additional modular accommodation will be required on both the West and North sites as well as internal reconfiguration within existing buildings.

20/00047 - Proposal to establish two 16 place Specialist Resourced Provisions (SRPs) for ASD in Thanet District at Garlinge Primary School & Nursery and Holy Trinity and St John's CE Primary schools from January 2021

The Decision needed:

Background: Around 3% of the total school population for which the Local Authority is responsible for have an Education, Health and Care Plan (EHCP). The number of pupils in the Thanet District with an Education, Health and Care Plan (EHCP) in January 2019 was 1,369. This was an increase of 12.8% from 2018. This was higher than the national increase of 11%. As at January 2019, 4.8% of the pupils aged 5-19 years in Thanet (maintained and independent) were subject to an EHCP. Pupils with an EHCP in Kent are less likely to be educated in a maintained mainstream school than would be expected nationally. The establishment of SRPs attached to mainstream schools is part of the continuum of provision to enable pupils to be included within mainstream settings.

A number of students with an EHCP require higher level of support than can be provided in mainstream schools, but their needs are not so complex that a special school placement is appropriate. For these students we maintain a range of Specialist Resourced Provisions (SRPs) which are based in mainstream schools with places reserved for students with an EHCP.

Autistic Spectrum Disorder (ASD) remains the most common primary need type with 40% of children and young people aged 0-25 years having an EHCP with this primary need identified. This is significantly higher than the national figure of 29%

Currently there are no SRPs in the Thanet district for primary aged children for ASD.

Options: Options regarding the establishment of SRPs has been fully investigated with the SEN team and Garlinge Primary School & Nursery and Holy Trinity and St Johns Primary School were considered to be the best options to create an SRP for ASD for 16 children at each school. Both school’s governing bodies are fully in support of the proposals and creating two provisions will enable choice for parents in Thanet with a child who requires additional support from an SRP provision.

Proposed decision: The Cabinet Member for Education and Skills is asked

to:

- (i) Issue two public notices to establish two 16 place Specialist Resourced Provisions (SRPs) for Autistic Spectrum Disorder (ASD) at Garlinge Primary School & Nursery and Holy Trinity and St John's CE Primary School from January 2021.

And, subject to no objections being received to the public notices

An Equality Impact Assessment has been produced as part of the consultation process for both proposals and is attached. The assessment identified the following positive impacts:

- Children with ASD in the Thanet district will be able to attend provision local to their homes.
- Children with ASD will be able to attend SRP provision in mainstream primary schools in Thanet.
- There will be two SRPs for Primary school aged children with ASD established in the in the Thanet District.

No adverse impacts were identified during the assessment. The outcome of the public consultation and community consultation will enable the Local Authority to test out these assumptions.

Background Information:

KCC formalised its Elective Home Education (EHE) Policy in 2015. It is administered by Fair Access in CYPE. Kent children can quickly get the right support to ensure their educational needs are met at the earliest opportunity be that advice and signposting for home educating families or direct action to assist them in securing a school where they have had difficulties with this. Since 2015 the numbers have grown from 1622 in the 2015/16 academic year to 2690 in the 2018/19 academic year. There is a National trend in growth and Kent has the highest numbers in the country. Background:

Kent's Future, Our Priority will become Kent County Council's new 5 Year Plan, to replace the previous strategic statement *'Increasing Opportunities, Improving Outcomes (2015-2020)'*. The Plan is structured around seven outcomes which reflect the key things that residents and businesses said were essential to a good quality of life in Kent. One of the seven outcomes is, 'A cleaner and greener Kent.'

A key message from the recent public consultation was that residents care about the places they live in, they are proud of where they live, and want to protect these places by looking after the quality, maintenance and cleanliness of our physical environment, especially town centres, local streets, beaches, public rights of way and green spaces.

Options:

It was also clear from the public consultation that residents wanted the County to be clear how it will deliver the plan. This detail is contained within the 5-Year Plan objectives including working with partners to improve the quality of Kent's public realm. It is intended that a range of physical improvements will be developed, in conjunction with local stakeholders to reflect different priorities but will be targeted at cleaning up and improving the quality and appearance of the public realm.

<p>Title: 20/00025 - Kent County Council adoption of Kent Nature Partnership Biodiversity Strategy 2020-2045</p> <p>The Decision needed: Background:</p> <p>The Kent Nature Partnership Biodiversity Strategy (the Strategy) sets out the contribution the county of Kent can make to the Government’s ambition to “leave our environment in a better state than we found it” and the further aspirations set out in its 25 Year Environment Plan, A Green Future (2018). The Kent Biodiversity Strategy aims to help steer the collective action of conservationists, government, business and individuals to work in partnership so that the county’s natural landscape can be restored, and threatened species can be saved.</p>

The Strategy aims to deliver, over a 25-year period, the maintenance, restoration and creation of habitats that are thriving with wildlife and plants, ensuring the county's terrestrial, freshwater, intertidal and marine environments regain and retain good health. It looks to protect and recover threatened species and enhance the wildlife habitats that are particularly important in Kent. It also aims to provide a natural environment that inspires citizen engagement and is well used and appreciated, so that the mental and physical health benefits of such a connection can be realised by the people of Kent.

These aims will be achieved through the delivery of the following goals in Kent for 2045:

- A rich and growing terrestrial biodiversity, underpinned by more resilient and coherent ecological networks and healthy, well-functioning ecosystems.
- Clean, plentiful and biologically diverse freshwater and intertidal ecosystems underpinned by implementation of a catchment-based approach.
- A reverse in the loss of marine biodiversity and delivering clean, productive and biologically diverse oceans and seas through good management.
- The widest possible range of ages and backgrounds will be benefiting from the mental and physical health benefits of the natural environment; and we will have inspired the next generation to take on guardianship of the county's biodiversity.

Action is steered by a broad spectrum of ambitious objectives. In addition, the Strategy includes priority habitats and species, the restoration of which, can play a significant part. The Strategy also looks to further work addressing overarching considerations affecting biodiversity recovery including wilding, climate change, natural solutions, soil health and invasive species.

The Strategy was prepared for the Kent Nature Partnership by Kent County Council and the Kent Wildlife Trust under the guidance of a Task and Finish Group, comprising members of the Kent Nature Partnership.

Following stakeholder engagement and a formal consultation process in 2019, the Strategy was approved by the Kent Nature Partnership on 28th February 2020. It is now with the Kent Nature Partnership's partners for adoption or endorsement.

The Strategy supports the Council's Strategic Outcome of "Kent communities feel the benefits of economic growth by being in-work, healthy and enjoying a good quality of life" by helping to support a physical and natural environment that is protected, enhanced and can be enjoyed. The Strategy will also contribute to a good quality of life and, through local plans, will help steer well planned housing growth. The review is backed by an Equality Impact Assessment.

It is considered that the Kent Biodiversity Strategy can be adopted by KCC. It

is not anticipated that the Strategy will place any new financial burdens on the authority in terms of its implementation. Rather it will influence the way it delivers its services and capital works, and, potentially, where it may direct resources and investment in the future.

20/00017 - Recommissioning of Early Help Services

The Decision needed:

Background:

The vision of Early Help and Preventative Services is that every child and young person and their family, who need Early Help services, will receive them in a timely and responsive way, so that they are safeguarded, their educational, social and emotional needs are met, and they achieve good outcomes.

In November 2016, KCC commissioned several Early Help and Preventative Services to complement and support the development of the internal provided Early Help Services. These services include:

- The Family Support Service – a service to provide early support for families experiencing difficult challenges.
- The NEET Service – offers support to those young people who have been either NEET in excess of 6 weeks or whom have experienced multiple periods of NEET.
- The Young Carers Service – a bespoke service that offers support to young people who have a caring responsibility within their family unit.

Since commissioning these service, KCC's Children, Young People and Education Directorate has undergone a transformation programme integrating internal services to develop the new Integrated Children's Service. This has included the enhancement of the adolescent offer, investment in training and development, new practice models and the development of a single 'front door' for all referrals.

Recommissioning the Early Help services will ensure alignment with the new service arrangements. The existing contractual levers have been utilised to extend all three services until 30th September 2020, allowing the recommissioning to take place alongside the work currently being undertaken to refocus the Early Help element of the Children and Young Person's Mental Health Service into alternative evidence-based services/interventions.

Decision:

1. Recommission a range of Early Help and Preventative Services in line with changes to KCCs Integrated Children's Services and the Local Transformation Plan for Children and Young People's Mental Health Services. Affected Services are:
 - The Family Support Service
 - The NEET Service
 - The Young Carers Service
2. Delegate authority to the Corporate Director for Children, Young People and Education, or other nominated officer to undertake the

Any proposed amendments to the current service provision will be communicated to schools, police and health providers and take into consideration the voice of the child. Title:

20/00010 - Transport for South East (TfSE) - Proposal to Govt

The Decision needed:

Proposed decision

As Leader of the Council, in accordance with Section 19.2 of the Council's Constitution, I agree to:

1. Consent to Transport for the South East's Proposal to Government for powers in addition to the general powers of a Sub-national Transport Body and endorse the Transport Strategy for the South East as part of this proposal.
2. Participate in, and cooperate with, Transport for the South East in accordance with the powers requested from Government and those powers operating concurrently with Kent County Council as Highway Authority and Local Transport Authority.

And delegate authority to the Corporate Director of Growth, Environment and Transport, in consultation with the Leader and Monitoring Officer, to enter into relevant legal agreements and take other appropriate actions as necessary to implement the decision.

Background

The Cities and Local Government Devolution Act 2016 amended the Local Transport Act 2008 to allow the creation of Sub-national Transport Bodies (STBs). There are now several shadow STBs in England, with Transport for the North becoming the only statutory STB in April 2018.

The South East 7 (SE7 – Kent, Medway, Surrey, West Sussex, East Sussex, Hampshire, Brighton and Hove) councils proposed the establishment of an STB for the South East. From this, Transport for the South East (TfSE) emerged, which is now a partnership of 16 Local Transport Authorities and five Local Enterprise Partnerships. In addition to the SE7, TfSE includes Southampton, Portsmouth, Isle of Wight, and the Berkshire unitary authorities represented by the Berkshire Local Transport Body

(West Berkshire, Wokingham, Windsor and Maidenhead, Bracknell Forest, Reading, Slough).

TfSE has sought to formalise its role as the South East's voice for strategic transport issues by becoming a statutory body. To do this, TfSE has worked with its members to develop a Proposal to Government. This draft proposal was consulted on from May to July 2019. KCC provided a response to the consultation, supporting the powers TfSE proposed. Some of these were supported only conditionally provided that the principle of subsidiarity is applied (i.e. powers are used at the most local level). This was in relation to highways and transport functions that constituent members already hold but TfSE wants to enact concurrently.

Transport for the South East have since revised their Proposal to Government taking account of the comments they received in the consultation. The revised Proposal includes the application of the principle of subsidiarity.

TfSE has also consulted on its draft Transport Strategy for the South East (October 2019 – January 2020). KCC responded positively to this consultation to support the overall aims and aspirations of TfSE. The development of a Transport Strategy is one of the central functions of a STB, and the Department for Transport awarded TfSE funding (in addition to funding from the constituent authorities) to produce one. The Transport Strategy for the South East is being revised now that the public consultation has closed.

TfSE plan to submit the revised Proposal to Government and the Transport Strategy for the South East to the Department for Transport concurrently. This is to present a unified vision for the region alongside the request for powers to achieve it, with the consent of constituent bodies.

Strategic Statement

Transport for the South East is emerging as an important advocate of improved transport in the region, and its own aims closely match the objectives of the Strategic Statement. The vision for the Transport Strategy for the South East is:

By 2050, the South East of England will be a leading global region for net-zero carbon, sustainable economic growth where integrated transport, digital and energy networks have delivered a step-change in connectivity and environmental quality.

A high-quality, reliable, safe and accessible transport network will offer seamless door-to-door journeys enabling our businesses to compete and trade more effectively in the global marketplace and giving our residents and visitors the highest quality of life.

Thus, TfSE is fundamentally focused on improving lives, sustainable economic growth, and supporting all people to make informed transport decisions and have a range of transport choices so that they can benefit from improved quality of life. Consequently, TfSE has the potential to

positively contribute towards all of the supporting outcomes identified in the Strategic Statement.

Options

Kent County Council is one of the founding bodies of Transport for the South East. As such, the only other option would be to decline to endorse the Proposal to Government and rescind support for TfSE. This would restrict KCC's opportunities to progress transport schemes for investment and isolate the county from wider regional discussions about transport in the future. It could potentially see the Council's influence in lobbying for schemes on the Strategic Road Network and railway network diluted because KCC would be a small area alone, hence not in alignment with the move to regional prioritisation that the Government has promoted to date.

Consultation

Transport for the South East published a draft Proposal to Government for consultation in May 2019, with the consultation ending in July 2019.

Transport for the South East have revised their Proposal to Government after review of the consultation responses received. The final Proposal to Government will be presented to Cabinet Committee in advance of this decision being taken.

Cabinet Committee engagement

The KCC proposed response to the Transport for the South East draft Proposal to Government was taken to Environment and Transport Cabinet Committee on 16th July 2019. At that meeting it was resolved that

the proposed response would be noted. This proposed response supported the powers requested by Transport for the South East, and conditionally supported the powers that would be shared with KCC provided that the principle of subsidiarity applies – i.e. that decisions on the use of these powers are made at the most local level by constituent authorities.

The KCC proposed response to Transport for the South East's *Transport Strategy for the South East* will be taken to Environment and Transport Cabinet Committee on 31 March 2020.

20/00007 - Proposal to permanently increase the capacity at Pilgrims Way Primary School, Pilgrims Way Canterbury CT1 1XU

The Decision needed:

Background –

The Kent Commissioning Plan for Education 2019-2023 identifies a need for additional places in the Canterbury City Planning Area from 2021 this is

due to pressures from new housing developments in Canterbury City and specifically the private development on the former Howe Barracks Site. This development will produce a total of 500 new homes. In addition to this, the refurbishment of former army houses by Redbridge Council is resulting in 38 new families moving in from November 2019. To mitigate the need for places, it is proposed that Pilgrims Way will expand by 0.5 forms of entry (FE) to become a 2FE Primary school. Pilgrims Way is the nearest primary school to these developments and was named for any developer contributions linked to the development of private housing on the former barracks site. Canterbury City Council Local Plan identifies 16,000 new homes over the plan period to 2031. 8,737 are planned for the Canterbury area, with 6,533 in the Canterbury City Primary planning area where Pilgrims Way Primary School is located. Pilgrims' Way Primary School was registered as a new school on 1st May 2018 and is part of the Veritas Academy Trust. They are awaiting their first Ofsted inspection. Currently Pilgrims Way has 261 on the school roll with 31 on the nursery roll totalling 292 (May school census 2019)

Totalling £10,000 for this project. £81,473.63 in developer contributions has been collected by Canterbury City Council towards the 0.5FE expansion of Pilgrims Way Primary School. A further £843,560 is expected but not received and £4,986 has been requested but not agreed. A total of £930,019.63 is therefore expected from developer contributions towards the expansion. 20/00009 - Proposal to expand Tunbridge Wells Grammar School for Boys, by increasing the Published Admission Number (PAN) from 210 places to 300 places from September 2021

The Decision needed:

Background:

Kent County Council (KCC) as the local authority has a statutory duty to ensure sufficient school places are available. The County Council’s Commissioning Plan for Education Provision in Kent 2019-23 is a five-

year rolling plan which is updated annually. It sets out our future plans as Strategic Commissioner of Education Provision across all types and phases of education in Kent.

It is forecast that there will be significant short and medium-term pressure for additional Year 7 places in the West Kent Selective Planning Group which indicates that additional capacity will be needed for 2019/20 and in later years. The planning group includes all Grammar schools in the districts of Sevenoaks, Tonbridge and Tonbridge Wells.

In 2012, Kent County Council agreed to identify and pursue options to increase Grammar provision in that area.

Therefore, KCC has asked Tunbridge Wells Grammar School for Boys to provide additional places for local children by expanding the school onto a satellite in Sevenoaks district.

Proposed Decision:

19/00095 - Discovery Park: Growing Places Fund

The Decision needed:

Proposed Decision:

- *Kent County Council be the administration and funding decision authority for the £5.3m allocation from SELEP’s Growing Places Fund;*
- *KCC draws down capital funds of £5.3m from the Growing Places Fund;*
- *KCC makes available loan finance of up to £5.3m from the Growing Places Fund to support works at Discovery Park to build a spine road and associated infrastructure to enable the building of 500 new residential homes;*
- *Authority be delegated to the Director of Economic Development to take appropriate actions, including but not limited to, entering into legal agreements as necessary to implement this decision.*

Provided that:

1. *Kent County Council is able to agree a satisfactory loan agreement from Essex County Council as the accountable body for SELEP’s Growing Places Fund; and*
2. *The receipt of a satisfactory application for loan finance for the works at Discovery Park subject to the rules of the Growing places Fund and the findings of an independent financial appraisal.*

Background:

KCC shall invite applications for loan finance of up to £5.3m for infrastructure at Discovery Park. This £5.3m will be obtained from the Growing Places Fund (GPF), which is administered by the South East Local Enterprise Partnership (SELEP). Applications will then be appraised and considered through the same process as that which is currently used to determine applications for loans from the Kent and Medway Business Fund (KMBF). This means that any application will be required to submit a full business plan, be subject to independent appraisal and be considered by the KMBF Investment Advisory board before a decision is made by KCC. The owners of the Discovery Park site are aware of this proposed process and we anticipate that an application will be forthcoming when the process is launched. In parallel with this process, KCC shall seek to enter into a loan agreement with Essex County Council (the Accountable Body for GPF). These terms have been discussed with Essex County Council and have received an in-principle agreement. However, they will need to be formalised when an agreement to lend to a borrower have been reached.

Options (it is a legal requirement (2012 Executive Arrangements regulations) to outline other options considered)

The alternative would be for Kent County Council not to act as an agent for SELEP for the £5.3m Growing Places Fund loan. There is no evidence that this would be a more effective way of achieving the outcome of securing investment in Discovery Park, and there is a risk if the funding allocation is returned to SELEP that it is no longer ring-fenced for investment in Discovery Park or the wider Kent area.

from the start of the 2019-20 academic year. The Gravesend and Longfield Selective Planning Group is forecast to have a deficit of 36 Year 7 places (1FE) from 2019-20 that increases to a deficit of 62 places (2FE) for the 2021-22 intake and increases again to 99 places (3.3FE) by 2023/24.

Gravesend Grammar School has a Published Admission Number of 174, but has in the past, offered extra places through appeals.

KCC proposed an expansion of the school to take the PAN to 210 (7FE). The school currently has a permanent infrastructure that can accommodate a PAN of 150. There is a temporary two storey block on site that offers additional accommodation, facilitating the extra 24 places. To expand Gravesend Grammar School, KCC are proposing the removal of the temporary block and building a new block at the school, together with other infill and enhancement work to social spaces. This work would be completed before the September 2021 intake. This build would enable the school to offer 210 Year 7 places for September 2021.

Proposed decision:

The Cabinet Member for Education and Skills proposes to expand Gravesend Grammar School, Church Walk, Gravesend, Kent, DA12 2PR increasing the Published Admission Number (PAN) from 174 places to 210 places from September 2021.

19/00084 - Proposal to Expand West Hill Primary Academy from 72 places to 90 places in September 2020

The Decision needed:

Background Information:

Kent County Council (KCC) as the Local Authority has a statutory duty to

ensure sufficient school places are available. The County Council's Commissioning Plan for Education Provision in Kent 2019-23 is a five-year rolling plan which is updated annually. It sets out our future plans as Strategic Commissioner of Education Provision across all types and phases of education in Kent. A copy of the plan can be viewed from this link: <http://www.kent.gov.uk/about-the-council/strategies-and-policies/education-skills-and-employment-policies/education-provision>.

It is anticipated that there will be significant short and medium-term pressure for additional Year R places in the West Dartford Planning Group which indicates that additional capacity will be needed for 2019/20, continuing for later years.

As part of the measures being taken to address the capacity issues illustrated above, KCC is proposing that West Hill PAN to 90 for 2020.

Proposed Decision:

The Cabinet Member for Education and Skills proposes to expand West Hill Primary Academy, Church Walk, Dartford, Kent, DA12 2PR Dartford Road, Dartford, DA1 3DZ increasing the Published Admission Number (PAN) from 72 places to 90 places from September 2020.

19/00064 - Kent County Council and Kent Community Health NHS Foundation Trust collaborative partnership - delivery and transformation of Public Health services

The Decision needed:

Proposed Decision:

To agree the extension of collaborative partnership arrangement with Kent Community Health NHS Foundation Trust (KCHFT) until at least March 2025 and ongoing delivery of Public Health services through this approach. Public Health services included within the current arrangement are listed below:

- Health Visiting

- School Health Services
- Sexual Health Services
- Lifestyle Services and NHS Health Checks
- Oral Health Services
- Postural Stability Services

Background:

Kent County Council took the decision to enter into an innovative partnership with Kent Community Health Foundation Trust (KCHFT) in September 2017, with the aim to maximise the opportunity to improve the health of Kent residents, deliver common objectives and accelerate delivery of the Sustainability Transformation Plan (STP), known as the Sustainability Transformation Partnership. This arrangement was also designed to offer the flexibility to align to new local care arrangements.

This decision recognised that KCHFT was integral to the delivery of the STP and recognised that both KCC and KCHFT faced significant challenges which could be better managed through a joint open and transparent approach. The original decision put procurement in “abeyance” until at least March 2020 and a further decision is required on how best to deliver these services in the future. Legal advice taken at this time confirmed that the approach was permitted within the Procurement Regulations.

The Kent and Medway Sustainability and Transformation structures are more advanced than in 2017 and local leaders are working to deliver the local plan, Case for Change. This includes a series of commitments which have been supported by KCHFT. Kent and Medway STP is developing a five-year plan in response to the national LTP and is required to become an Integrated Care System (ICS) in the coming months. Services and health providers will need to align to these changes and work with commissioners to determine how they can best integrate and support acceleration of local care.

Kent continues to face a series of significant demographic pressures alongside budget constraints and pressures, e.g. long-term clarity on national NHS pay and uncertainty on future funding arrangements for the Public Health grant.

This item was discussed by the Health Reform and Public Health Cabinet Committee on 24 September and the proposed decision endorsed. The minute of the discussion is as follows:

19/00064 - Delivery and Transformation of Public Health Services.
(Item. 8)

The Chairman advised the committee that, as this and the exempt report later in the agenda (item 12) contained much detailed information, he was minded to take both reports together in a closed session at the end of the meeting. It was important that Members have the opportunity of a full understanding of the issues before being able to comment on them and consider the recommendations, and to do this they would need to be able to have a frank discussion and explore all of the available information. This could only be done effectively in a closed session.

EXEMPT ITEM (open access to minutes)

19/00064 - Delivery and Transformation of Public Health Services.
(Item. 12)

Mrs V Tovey, Public Health Senior Commissioning Manager, was in attendance for this item.

1. Mrs Tovey introduced the reports for agenda items 8 and 12 and responded to questions of detail from the committee, including the recruitment and training of new nurses and retention and re-training of experienced nurses to take on new roles, for example, as health visitors and school nurses, to offer a new career pathway. The Care Quality Commission's recent rating of Kent Community Health NHS Foundation Trust (KCHFT) as 'outstanding' would help to retain and attract new staff. Other questions included clarity of the conditions that were required to be met for the County Council and KCHFT to enter into this agreement. Mrs Tovey confirmed that the conditions were set out in section 12(7) of the Procurement Regulations and also referenced within the exempt report. Mrs Tovey informed the committee that independent legal advice confirmed the arrangement met these criteria for the delivery of public health services and advised that this

would be subject to review during the five years to ensure the conditions continued to be met.

2. It was RESOLVED that:-

- a) the context, risk and assurance associated with the proposed procurement approach for public health services be noted; and
- b) the decision proposed to be taken by the Cabinet Member for Adult Social Care and Public Health, to authorise the County Council to extend the collaborative arrangement with Kent Community Health NHS Foundation Trust, for the services listed in the report, until March 2025, be endorsed.

<p>Title:</p> <p>19/00028 - Expansion of Palmarsh Primary School</p>

The Decision needed:

Background Information:

In January 2017 permission was agreed to release £2,200,000 from the Education and Young People's Services Capital budget to enable Palmarsh Primary School to expand to 1FE. It was understood that this would be the first phase of a gradual expansion to 2FE.

The first phase of the expansion would provide 3 new classrooms, a new entrance off Jubilee Close, offices and car parking with further classrooms being added in later phases.

Planning permission for the first phase of the expansion has been achieved. However, in order to secure the said planning permission significant adaptations needed to be made increasing the capital costs to £2,600,000.

Options:

Consideration has been given as to how we can scale back the first phase of the expansion plans, ensuring there is: is sufficient high quality classroom space for the school to expand to 1FE; provision of a new entrance off Jubilee Close; increased car parking and the completion of agreed s278 works.

Sufficient classroom space could be achieved via the removal of an old mobile classroom and replacing this with a new two classroom mobile unit. The new offices and permanent classrooms could be delivered in a later phases as an when there is a need for second FE of provision. The total costs for the mobile classrooms, new entrance off Jubilee Close, car parking and s278 works would be in the region of £700,000.

A variation to the present planning permission will be required if this was to proceed.

Proposed decision:

The Cabinet Member for Children, Young People and Education is asked to release £625,000 of the £2,200,000 already agreed from the Children, Young People and Education Capital budget to expand Palmarsh Primary School to 1FE.

The Commissioning Plan for Education Provision 2016-20 identified Marden as an area of future need and Marden Primary School was therefore proposed for expansion to meet that predicted demand. The Plan was considered and endorsed by the Education and Young People's Services Cabinet Committee on 15 December 2015 prior to the final version being considered and approved by Cabinet on 21 March 2016.

A public consultation commenced on 23 September 2016 and closed on 21 October 2016. Further information is available on the School Consultation webpage: www.kent.gov.uk/schoolconsultations

The outcome of the consultation was due to be reported to Education and Young People's Services Cabinet Committee on 23 November. The report was deferred, pending further discussions on the design and planning process and will be considered by the Cabinet Committee at its meeting scheduled for 22 June 2017

Former Shepway Resource Centre, Folkestone - Disposal

The Decision needed:

LATEST UPDATE:

19/05/2014 - Decision due date changed from 18/02/2014 to 01/08/2014.

REASON: The proposed decision to dispose of the Centre was delayed while internal processes were undertaken to ensure that no other suitable use could be found before disposal. This process is complete and the former resource centre will be placed on the market shortly. Responses from the market will be gauged after a period of approximately 3 months and a proposal for the site put forward at that time. The decision will be considered by the Property Sub-Committee or the Policy and Resources cabinet Committee before being taken by the Cabinet Member.

To seek approval to the disposal of the former Shepway Resource Centre following the marketing of the site

Title:

Sandwich Highways Depot

The Decision needed:

Update 09/03/2015:

DEFERRED: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value is secured; surveys are being carried out with a view to marketing the site in the future dependent on the outcome of those surveys.

Latest Update:

19/05/2014: Decision due date changed from 23/12/2013 to 'Not before' 01/11/2014.
REASON: The disposals team at KCC are currently working on new plans for the site in order to ensure that the maximum value for the site is secured. Options appraisal work is underway and this work is expected to take approx. 6 months, therefore an expected decision date is set for November.

To seek approval to proceed with the disposal of the above site to raise a capital receipt which will be allocated to support the capital programme.

To seek approval to identify and progress with the acquisition of a new site for the service.

The Director of Property and Infrastructure Support will be authorised to finalise terms for both the disposal and acquisition of a new site.

This decision is needed to enable a modern highway service operation to be provided in the East Kent Area that is both reactive and responsive to changing demands. It directly supports 3 of the Bold Steps for Kent.

- Firstly it helps deliver the "Kent Environment Strategy" by the provision of new environmentally friendly facilities (e.g. grey water) via the construction technique with the eventual adaptation of new work practices within the new

depot.

- Secondly it builds relations with key business sectors across Kent as the supply chain involved in such a project provides work to businesses of all sizes.
- Thirdly by the better siting and provision of facilities for the new depot it ensures that the most robust and effective public protection arrangements are in place for road management including bad weather response.

The impact of the decision is that full assessment of the potential disposal of the site can be explored within the market place to ensure that best value principles are adhered to. In tandem a full search and feasibility study will be undertaken to identify a new location for the alternative highways depot which satisfies the above objectives.

Title:

Eden Centre Lease

The Decision needed:

LATEST UPDATE:

19/05/2014 - Decision due date changed from 01/03/2014 to 01/01/2015.

REASON: The decision remains at the earliest stages of investigation and options appraisal. A further review will take place in January 2015 when a decision pathway will be identified and the proposed decision updated further.

To seek agreement to the principle of granting a long lease to a charitable community interest company or similar vehicle, of The Eden Centre, Four Elms Road, Edenbridge.

The proposal directly links to Bold Steps for Kent, putting the citizen in control, building new partnerships and providing a new fit for purpose building to deliver Library and FSC services in conjunction with other partners such as the Citizen's Advice Bureau and House (West Kent Action), to support Kent's more vulnerable citizens.

The impact of the decision will be that KCC will have less control of the management and operation of the centre as they would become the responsibility of a third party.

Risks identified are:

- Reliance on the professionalism of the trustees to deliver a successful facility, agreeing with all partners a financial model for the charitable vehicle
- Reputational damage to KCC if the charitable vehicle were to fail
- Obtaining buy in from all community groups in occupation to form trust
- Untried and untested model
- Level of income generation from the centre which could go to the charitable vehicle is currently unknown as a new facility
- Continued KCC ownership of a non-core asset
- Officers may be unable to get agreement from stakeholders, charitable vehicle does not prove financially sustainable or the trust may break down and charitable vehicle will have to pick up void periods and associated costs (benefit to KCC).
