Guidance Notes

Notes: Please note that data for some indicators may be affected by the impact of Coronavirus (COVID-19) and lockdown arrangements. Some indicators are not available for month ending August 2020 or could not be updated from previous figures released in the July 2020 CYPE Directorate scorecard.
Please note that not all Children's Social Work indicators can be shown broken down by District for the associated CSWS team, as caseloads relating to these indicators are held by Area and Kent LA level teams. Cases included in a dataset are based on the service working with the child and not the child's geographical residence.

POLARITY

H	The aim of this indicator is to achieve the highest number/percentage possible
L	The aim of this indicator is to achieve the lowest number/percentage possible
T	The aim of this indicator is to stay close to the target that has been set

RAG RATINGS

RED	Floor Standard* has not been achieved
AMBER	Floor Standard* achieved but Target has not been met
GREEN	Target has been achieved

* Floor Standards are set in Directorate Business Plans and if not achieved must result in management action

Directorate Scorecard - Kent KPIs

Education and Early Help targets have been reviewed as they were out of date. Many of the targets were set when new measures were introduced, without any trend or comparative data to support this process. Targets now take into account the national position, where this is available, and the year on year improvements seen to date, and seek to drive continuous improvement.

Commentary on Integrated Children's Services Indicators:**Children's Social Care**

AMBER: The percentage re-referrals to Children's Social Work Services within 12 months of a previous referral has increased slightly and for August 2020 was 29.8%, remaining above the Target of 25.0%. This compares to the latest published information for the England average of 22.6%, 22.3% for Kent's Statistical Neighbours and 25.1% for the South East (all comparative rates are for 2018/19 performance).

AMBER: The percentage of children becoming subject to a child protection plan for the second or subsequent time is 23.8%, which is a reduction from the performance of 24.5% in July. This is outside the target range of 17.5% - 22.5% and compares to average rates for England of 20.8% and Statistical Neighbours 21.1% (2018/19).

AMBER: The percentage of CIC Foster Care in KCC Foster Care/Rel & Friends placements (excluding UASC) is 80.4% which is below the target of 85.0%. Information regarding the availability of in-house foster placements is continually reviewed to ensure that foster carer capacity is fully utilised and that children and young people are placed in the most suitable placement and there is a continued focus on recruiting and retaining Kent Foster Carers.

AMBER: The percentage of care leavers in education, employment or training (of those KCC is in touch with) is 61.2%. This is an increase from the July performance of 60.8%, and remains below the target of 65.0%

AMBER: The average caseload in the Children's Social Work Teams (CSWT) is 20 cases, which is above the target caseload of no more than 18 children/young people but has improved from the average caseload of 21 cases in July 2020.

GREEN: Percentage of Returner Interviews completed for those with Children's Social Work Involvement is 92.0% which exceeds the target of 90.0%

GREEN: The percentage of Children in Care in same placement for the last two years (for those in care for two and a half years or more) is 70.4%, achieving the 70.0% Target. The latest published England average is 69.0%, and 68.5% for Kent's Statistical Neighbours (2018/19).

GREEN: The average number of days between becoming a child in care and moving in with an adoptive family is 320 days, which remains significantly below the nationally set target of 426 days. The latest national data is for 2019 - the England average was 363 days, and 332 days for Kent's statistical neighbours.

GREEN: The percentage of Children's Social Work Case File Audits graded good or outstanding is 80.6% which is above the 80.0% Target.

GREEN: The percentage of case holding posts filled by permanent qualified social workers is 91.0% which is a slight improvement on the previous months performance of 90.1% and remains above the target of 85.0%.

GREEN: The average caseloads in the Children in Care (CIC) Teams is 14.3 cases, remaining below the target caseload of no more than 15 children/young people.

Intensive Early Help

AMBER: The percentage of EH Assessments completed in the given month, within 6 weeks of allocation has continued to improve and in August 2020 moved from a Red to Amber banding. Performance for August is 61.7%, moving towards the target of 70.0%. The improvements have been aided by a new performance reporting tool giving managers clear oversight and improved ability to track progress.

AMBER: The percentage of cases open to Intensive Early Help that were audited and graded as good or outstanding is 68.8% which is below the 80.% target.

GREEN: The percentage of referrals to an Early Help Unit where a previous episode ended within 12 months is 23.6%, remaining the same as for July 2020 and achieving the target of lower than 25.0%

GREEN: The percentage of Early Help cases closed with outcomes achieved that come back to Early Help or Children's Social Work Services in 3 months is 15.0%, which is at the Target level.

Commentary on Education Indicators:

The majority of education indicators are annual. Commentary has only been provided for indicators where new data has been published since the last scorecard was issued

RED: The percentage of EHCP issued in 20 weeks has increased from 28.9% in May to 29.9% in August but remains below the target of 40% and is below national performance of 64.9% and Kent's benchmark group of 52.8%. On 1 May 2020 some aspects of the law on education, health and care (EHC) needs assessments and plans changed temporarily to give local authorities, health commissioning bodies, education settings and other bodies who contribute to these processes more flexibility in responding to the demands placed on them by coronavirus (COVID-19). This included the temporary amendment of the regulations that specify timescales that apply to local authorities, health commissioning bodies and others relating to EHC needs assessments and plans. Currently it is no longer a statutory requirement to issue new Education, Health and Care Plans (EHCPs) within 20 weeks. Instead, the local authority, or other body to whom that time limit applies, will have to complete the process as soon as reasonably practicable. However, Kent is still working to meet the 20 week timescale wherever possible.

RED: The percentage of CYP registered to EHE who receive an offer of a visit within 10 school days of them being brought to our attention remains just below 97%

AMBER: There are 12 primary aged pupils who have been permanently excluded from school, three pupils higher than the target. However exclusions from Kent schools are still lower than the national figure (reported as a rate of the school population).

AMBER: The percentage of Children Missing Education cases, closed within 30 school days, has fallen from 90.1% in July to 87.3% in August and is now slightly below the target of 90%

GREEN: The number of pupils being placed in independent or out-of-county special schools has reduced from 1,143 in July to 932 in August and is currently exceeding expectations.

GREEN: The number of permanent exclusions from secondary schools at 12 remains well below the target of 30.
