

Each class from Year R to Year 6 had two sessions in the specially set up Story Tent. During each session, teacher shared a story from another religion which was different to the religion being studied this term. We then discussed the story and began to make links between the religion and the ones known by the children. (See examples below from Year R and 4)

Each class then showed their learning in their RE Big Book (see an example below from Year 1)

This was publicised via each classes Dojo page (see an example below from Year 5) and also in the RE / CW Newsletter (and the school newsletter too).

See below for parents feedback too!

We loved our time in the story tent today. We read a story of a Muslim and Jewish child who were surprised about how much they had in common. We learnt that whatever our faith, we all share the same qualities. Some really thoughtful comments. ❤️
