Remove all irrelevant sections.

Net Social Care contributions requested:

Social Care and Health Services	£633,080.00
--	--------------------

Kent County Council has statutory* responsibilities to provide a variety of services that support and care for vulnerable adults and children across the county. In line with KCC Strategy**, the modern focus of the service is to support adults to live fulfilling and independent lives at home and in their community, ensuring adults receive the right care when they need it, and are also supported to get back on their feet when it is appropriate and possible.

To support this strategy, KCC seeks contributions toward five priority areas and may choose to apply the whole contribution to a single project, or proportionately between projects. The contribution from the development is the same. The result is greater certainty of project delivery and benefit to new communities to put together workable projects for the community and clients.

Proposed new housing development results in additional demands upon Adult Social Care (ASC) services from increases in older people and also adults with Learning, Physical and/or Mental Health Disabilities. Available care capacity is fully allocated already, with no spare capacity to meet additional demand arising from this and other new developments.

The focus of Adult Social Care is currently on the five areas listed below, offering a preventative approach to providing care. Based on an agreed set of service delivery models, an annual assessment of the impact of new and existing housing on these services has been carried out. Only the financial impacts relating to new housing are displayed.

Note: Client numbers are rounded for display purposes, but costs are based on unrounded figures

* Under the Care Act 2014, Mental Health Act 1993 and Mental Capacity Act 2005

A. ASSISTIVE TECHNOLOGY & HOME ADAPTATION EQUIPMENT	<i>Assistive Technology systems and Home Adaptation Equipment are delivered to vulnerable adults in their own homes, enabling them to: live with the confidence that help is available when they urgently need it and to remain independent in their own homes.</i>
B. ADAPTING COMMUNITY FACILITIES	<i>Adapting Community Facilities to be accessible for those with both mental and physical disabilities means vulnerable adults can access other support services and facilities safely and comfortably.</i>
C. SENSORY FACILITIES	<i>Sensory facilities use innovative technology to provide a relaxing or stimulating environment for people of all ages with sensory impairment conditions. The facilities may be used to calm stress and anxiety, or to encourage sensory development and social engagement.</i>

D. CHANGING PLACE	<i>Changing Places have additional features than standard accessible toilets to meet the needs of people with a range of disabilities and their carers. These toilets are usually located in or near a popular public area to ensure suitable facilities are available for use by vulnerable adults when necessary.</i>
E. SPECIALIST CARE HOUSING	<i>Specialist care housing includes extra care accommodation and other care living accommodation for those clients with special requirements. These requirements include but are not limited to, the elderly and those with physical and learning requirements.</i>

New Social Care Clients generated from this development: <i>Forecast SC clients generated from ALL proposed developments within the District (up to 2039)</i>	323 client(s) 766 clients
Contributions requested from this development	£633,080.00
<i>Contributions requested towards Specialist Housing in the District, Assistive Technology & Home Adaptation Equipment, Adapting Community Facilities, Sensory Facilities and Changing Places in the vicinity of the development.</i>	

Note: These projects will be delivered once the money is collected except where the implementation of the proposed project(s) relies upon pooled funds, then the project will commence as soon as practicable once the funding target has been reached.
