Introduction / Background

Each year, Kent County Council is required to determine admission arrangements for Community and Voluntary controlled schools it must include:

- The over-subscription criteria / arrangements for entry to those schools for whom Kent County Council is the admission authority (Community and Voluntary Controlled schools).
- The Published Admission Number for those schools
- Relevant Consultation areas

These arrangements have been consulted with all relevant bodies. It is now for Kent County Council Cabinet to determine admissions arrangements which will relate to entry to school in September 2013 should it agree with the proposed arrangements.

Summary of Proposed Changes

There is only one proposed change to the existing oversubscription criteria and this relates to how distances are considered between the selective and non selective areas.

Presently a distinction is made in regard to whether someone is resident in the selective area of education when applying for community high schools and community grammar schools located in these selective areas. This priority has been in place for many years having first been established to protect comprehensive areas of education. It states children resident in the same scheme of education as the school will receive priority.

The education landscape in Kent has changed significantly since that time none of the schools in comprehensive areas have retained a priority for children resident in those areas, and of the 31 grammar schools in Kent only 11 remain community schools applying an in area and out area priority. Many of these grammar schools are now located in close proximity to wide ability Academies which are in effect comprehensive schools located in selective areas. The vast majority of the 11 remaining schools applying this split in priority are so far from the comprehensive areas that the change will have no impact on their intake. The only community school likely to see a significant shift in intake patterns is Tunbridge Wells Grammar School for Boys.

Consequently, recognising that Tunbridge Wells Grammar School for Boys is the last remaining community grammar school in West Kent, able to cater for the more rural Kent parishes to the North West of Tunbridge Wells, it is proposed for this school only, that a catchment area be introduced which gives a priority to children resident in those parishes who would not otherwise have access to a Kent Grammar school in their area. A map containing the proposed priority catchment area is located towards the end of this document.

Oversubscription Criteria for Community and Voluntary Controlled Secondary Schools

Following the Schools Adjudicator's decision in 2007 that Dover Grammar School for Boys will continue to use a dual testing arrangement to determine eligibility for admission (the "Dover test" as well as Kent's PESE), provision was made for the same arrangements to apply to the Dover Grammar School for Girls at the time – consequently in 2012 Dover Grammar School for Girls will continue to include in its oversubscription criteria that: "Entry is through the Kent age 11 assessment procedure or the Dover test."

Oversubscription criteria for Community and Voluntary controlled secondary schools will be applied in the following order:

Children in Local Authority Care – a child under the age of 18 years for whom the local authority provides accommodation by agreement with their parents/carers (Section 22 of the Children Act 1989) or who is the subject of a care order under Part IV of the Act. This applies equally to children who immediately after being looked after by the local authority became subject to an adoption, residence or special guardianship order. (As defined by Section 46 of the Adoption and Children Act 2002 or Section 8 or 14A of the Children Act 1989)

Current Family Association - a brother or sister attending the school when the child starts. In this context brother or sister means children who live as brother or sister in the same house, including natural brothers or sisters, adopted siblings, stepbrothers or sisters and foster brothers and sisters.

If siblings from multiple births (twins, triplets, etc) apply for a school and the school would reach its Published Admission Number (PAN) after admitting one or more, but before admitting all of those siblings, the LA will offer a place to each of the siblings, even if doing so takes the school above its PAN.

Health and Special Access Reasons - Medical / Health and Special Access Reasons will be applied in accordance with the school's legal obligations, in particular those under the Equality Act 2010. Priority will be given to those children whose mental or physical impairment means they have a demonstrable and significant need to attend a particular school. Equally this priority will apply to children whose parents'/guardians', physical or mental health or social need means there is a demonstrable and significant need for their child to attend a particular school. Such claims will need to be supported by written evidence from a suitably qualified medical or other practitioner who can demonstrate a special connection between these needs and the particular school.

Nearness of children's homes to school – The distance between the child's permanent home address and the school is measured in a straight line using Ordnance Survey address point data. Distances are measured from a point defined as within the child's home to a point defined as within the school as specified by Ordnance Survey. The same address point on the school site is used for everybody. When we apply the distance criterion for an oversubscribed Community or Voluntary Controlled school, these straight line measurements are used to determine how close each applicant's address is to the school.

Oversubscription criteria for Tunbridge Wells Grammar School for Boys will be applied in the following priority order:

Entry to the school is through the Kent Assessment Procedure

Proposed Statutory Consultation Area for Kent Secondary schools

The LA is required to define “relevant areas” within which the admissions authorities of all maintained schools must conduct their statutory consultation. Admission authorities for all maintained secondary schools within the relevant area must consult the admission authorities for all maintained primary, middle and secondary schools in the area. An academy must consult in the way that other admission authorities do, but cannot alter its admission arrangements without the approval of the Secretary of State. Consultations must take place at least every seven years and in any year that changes are proposed.

The relevant statutory consultation areas continue to be the designated districts and adjoining parishes detailed overleaf:

Thanet	Thanet District plus Herne Bay, Chislet, Preston, Ash, Sandwich and Worth parishes.
