The European Union has funded Kent projects on a range of topics including economic development, trade & investment, rural development, health & social care and the environment. For the current EU programming period 2014-20, KCC set itself an overall target of securing £100 million from EU funding for the county.

<b>Project</b>	<b>Organisations Involved</b>	<b>European Grant for Kent</b>	<b>Project Summary</b>
<b>Interreg 5A 2 Seas Cross-Border Co-operation Programme</b>			
<b>ISE</b> (Innovative Sector	KCC, Kent Invicta Chamber of	£431,000	A business support project helping Kent companies

Exchange)	Commerce, ADITEC Pas de Calais, POM West Flanders,		innovate and internationalise by connecting them to SMEs in nearby European partner regions to promote collaborations.
<b>SCAPE</b> (Shaping Climate Change Adaptive Places)	Kent County Council AONB	£200,000	To make coastal landscapes better-adapted and more resilient to climate change.
<b>Triple A</b> (Adoption of low carbon technologies by homeowners through increased Awareness and easy Access)	Kent County Council	£320,000	A financing scheme for domestic energy efficiency measures
<b>Triple C</b> (Climate resilient community-based catchment planning and management)	Kent County Council AONB	£180,000	Climate resilient community-based catchment planning and management which will support natural flood management measures in the Upper Darent.
<b>CASCADE</b> (Community Areas of Sustainable Care and Dementia Excellence in Europe)	Health & Europe Centre, Canterbury Christ Church University	£3,700,000	To develop a financially sustainable approach to elderly & dementia care (EDC) that can be replicated across Europe.
<b>DWELL</b> (Diabetes and Wellbeing)	Health & Europe Centre, KCC, Canterbury Christ Church University	£850,000	To encourage people with poorly controlled diabetes to make sustainable changes to health and wellbeing related behaviour.
<b>PROFIT</b> (PROfessional Framework for Innovation in Tourism)	Visit Kent	£240,000	To support Kent-based tourism SMEs to innovate and adapt traditional business models to encourage long-term growth.
<b>EDUCAT</b> (Empowerment of Disabled People through co-production of Assistive Technology)	University of Kent, East Kent Hospitals	£500,000	Empowering disabled people through assistive technology.
<b>INCASE</b> (Towards Industry via Networking Control Applications and Sustainable Engineering)	University of Kent/University of Greenwich	£260,000	To facilitate smart growth through the development of automation technologies.

<b>PACE</b> (Providing Access to Childcare and Employment)	Kent County Council	£275,000	Develop and test new models for childcare services to facilitate new routes to employment for vulnerable parents.
<b>ICARES</b> (Innovation Cluster Accelerating Remote Sensing)	Kent County Council AONB	£ 108,000	Develop remote sensing technology for monitoring agriculture, nature and water.
<b>SBS</b> (Step by Step)	Health & Europe Centre, KCC, Canterbury Christ Church University	£500,000	Improving the physical and mental well-being of men, increasing the uptake of health interventions.
<b>TICC – Transforming Integrated Community Care</b>	Health & Europe Centre, KCC, Kent Community Health Foundation Trust	£1,500,000	A project to transfer an innovative and cost-effective Dutch social care model to Kent where teams of staff will manage themselves and provide all aspects of integrated care at home in a designated neighbourhood.
<b>SUMARIS</b>	Kent and Essex Inshore Fisheries Conservation Authority	£80,000	A project to improve the management of fish stocks (rays and skate) – in the Channel
<b>STAR2CS</b>	Kent County Council	£360,000	Reduce the impacts of future flooding and adapt to climate change by demonstrating how to build cost-effective and incremental adaption measures into planning and decision-making.
<b>PROWATER</b>	Kent County Council	£83,000	A project which will explore how land management in Kent can improve the infiltration of rainwater to replenish aquifers.
<b>Biosafe</b>	NIAB East Malling Research	£155,000	A project researching resource efficiency (water and fertiliser use) and safeguarding in horticulture by using bio-stimulants and innovative sensors
<b>Grassification</b>	Kent Wildlife Trust, Canterbury Christ Church University	£374,000	A project which will research the possibilities of using roadside grass clippings as an alternative and renewable energy resource and as a source of feedstock in industrial processes
<b>Cool Towns</b>	Kent County Council, University of Greenwich	£493,000	A project which will improve the management of heat-stress in town centres and reduce the risks associated with extreme weather conditions
<b>Valgorize</b>	University of Greenwich	£463,000	A research project seeking to develop algae-based food

			production and commercialisation
<b>MOTION</b>	University of Greenwich, University of Kent, Canterbury Christ Church University, Kent Sussex Surrey Academic Health Science Network	£1,130,000	A research project which aims to develop robotic exoskeletons for children with Cerebral Palsy
<b>SHIFT</b>	KCC, Kent Community Health NHS Foundation Trust, Medway Council	£590,000	A project tackling sexual health issues in the over-45s
<b>PATH 2</b>	Health & Europe Centre, Kent & Medway NHS & Social Care Partnership	£855,000	A project which will test new solutions to help people dealing with peri-natal health issues
<b>H4DC</b>	University of Kent	£714,000	Research into dairy cow health and associated public health risks
<b>Interreg 5A France-England Channel Programme</b>			
<b>ADAPT</b>	International Health Alliance	£1,400,000	Development of innovative assisted technology for people with severe cognitive and physical disabilities.
<b>GO TRADE</b>	University of Greenwich	£173,000	Using traditional markets as a catalyst for job creation, skills development and growth through the visitor economy.
<b>H20 Source to Sea</b>	Kent Wildlife Trust, Kent County Council	£1m	Nature-based solutions to improve water management and reduce pollution
<b>SURFAS</b> (Flexible smart surfaces for augmented indoor communications)	University of Kent	£175,000	Development of energy-efficient solutions to reduce the cost of Communicating Devices (CDs) including alarms, wireless access etc.
<b>INCREASE</b>	Optivo	£1,300,000	Develop a new cross-border training programme to help social housing residents set up their own micro-businesses or achieve other forms of employment
<b>Connected Communities</b>	Kent County Council	£681,000	Supporting the ageing population through social prescribing
<b>Experience</b>	Visit Kent, Kent County Council	£3m	Develop out of season experiential tourism offer and increase visitor numbers and spend in the partner areas
<b>ASPIRE</b>	Health & Europe Centre, Kent	£1.12m	The focus is on reducing obesity and tackling the link

	County Council, Kent Community Health NHS Foundation Trust, Medway Community Healthcare CIC		between obesity and unemployment to get people closer to the labour market and providing training and activity around healthy eating and employment in the food sector
<b>Interreg 5B North West Europe (NWE) Programme</b>			
<b>Boost4Health</b>	Kent County Council	£197,000	A project to connect Kent's new life science cluster and companies from different European countries and support them in their export journey by providing access to relevant expertise and business contacts through an innovation voucher scheme.
<b>E = 0</b> - Creating a mass market for net zero energy retrofits in NEW	Moat Homes Ltd	£1,080,000	<i>Addressing poor energy performance of residential buildings by generating a new mass market for net zero energy retrofits across NWE</i>
<b>Interreg 5B North Sea Region (NSR) Programme</b>			
<b>Inn2Power</b> (Innovation to Push Offshore Wind Energy Regions)	<b>Kent County Council</b>	£185,000	To improve innovation capacity and access to the offshore wind industry for SMEs by creating the appropriate support conditions.
<b>FRAMES</b> (Flood Resilient Areas by Multilayer Safety)	<b>Kent County Council</b>	£263,000	A project focusing on risk and crisis management and develop new mechanisms to improve local resilience to flooding.
<b>BEGIN</b> (Blue Green Infrastructure through social Innovation)	<b>Kent County Council</b>	£110,000	To identify climate adaptation solutions for flooding in urban areas (Swale) service management approaches, business cases and social innovation approaches.
<b>C5a - Cluster for Cloud to Coast Climate Change Adaptation</b>	<b>Kent County Council</b>	£67,440	To deliver a whole system approach to water and flood risk management in response to current and future risks from climate change
<b>Interreg Europe Programme (the whole of the EU)</b>			
<b>PASSAGE</b> (Public authority supporting low	<b>Kent County Council</b>	£213,000	Development of low carbon strategies to prevent pollution in maritime borders.

carbon growth			
<b>SME Internationalisation Exchange (SIE)</b>	<b>Kent County Council</b>	£195,000	A policy exchange project focusing on the challenges and solutions for SME internationalisation. The project will enable KCC to learn and test new ways of supporting Kent SMEs into export markets and to forge links with other EU regions to help with market entry.
<b>Green Pilgrimage</b>	<b>Kent County Council – Kent Downs AONB</b>	£187,000	Promotion of green pilgrimage in support of tourism, health and wellbeing outcomes focused on the North Downs Way National Trail.
